Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

Framework agreement for firewalls.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Oslo, Bergen and Tromsø, Norway.

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 3

In the case of framework agreements, provide justification for any duration exceeding 4 years:
Option for a fourth year.

II.1.5. Short description of the contract or purchase(s)

The aim of the procurement is to replace the institute's existing enterprise firewall system in the computer centre with a new system with higher service and more functionality. The current firewall system is used to secure DMZ, the server network and the user network. It supports max. 5 Gbit/s firewall throughput and a minimum 10 Gbit/s and has 10 GbE-ports. The offered system must support stateful failover and consist of a minimum of two hardware units that shall be placed in two separate computer rooms.

In addition to replacing the firewall system in the computer centre, there will be a need for further procurements of firewalls for our regional offices and small locations in the coming years. We would therefore like to establish a framework agreement for the procurement of firewalls. The framework agreement shall cover our need for firewall system within the framework agreement period.

Note: To register your interest in this notice and obtain any additional information please visit the Doffin Web Site at http://www.doffin.no/Search/Search_Switch.aspx?ID=299066.

II.1.6. CPV code(s)
