Reference number: 2019/819

**II.1.2. Main CPV code**

71000000 Architectural, construction, engineering and inspection services

**II.1.3.**

## **Type of contract**

Services

### **II.1.4. Short description**

Sørreisa Municipality has decided that a new joint school for 1st — 10th years will be built in Sørreisa. The current wing with special rooms (building C) is to be replaced with a new building of 2 floors, as well as alterations to and renovation of other school buildings, and the establishment of a new joint entrance area/vestibule for the school, arts center, sports hall and swimming pool on the east side of the school, between buildings B and C.

Sørreisa Municipality therefore invites tenderers to an open tender contest for architect and consultancy services. The architect and consultants will design a concept for the buildings, fixtures and outside area as a whole, with drawings and descriptions up until the tender documentation and the contest for the contract. The Contracting Authority would like tenders for architect and consultancy services, including all the technical disciplines as well as fire. The work will be carried out in close cooperation with the builder's project groups and project management. The progress plan by the architect and consultancy services must allow construction work to start in mid June 2020.

### **II.1.5. Estimated total value**

Value excluding VAT: 2 500 000,00 NOK

### **II.1.6. Information about lots**

This contract is divided into lots: no
