The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

The purchase of wind tunnel surveys on a split box section for long suspension bridges.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Molde, Norway.
NUTS code NO053 Møre og Romsdal

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The contracting authority requests tenders for wind tunnel surveys which principally involves split box girder sections on suspension bridges. The objective of the procurement is to reach an aerodynamic optimal section for suspension bridges with a split box girder.

II.1.6. CPV code(s)

71300000 Engineering services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

1. The surveys shall reveal a cross section form that is not subject to whirling motions and that simultaneously has a high critical stability level under windy conditions.
2. The assignment shall also identify and solve defects in the existing calculation methods for estimation of dynamic response of wind load.

II.2.2. Information about options

Options: yes

Description of options: The tender includes 2 options, cf. point D2 for the descriptions of options.

Part III: Wind engineering consultancy (Option 1);

Part IV: Wind engineering consultancy and supplementing wind tunnel surveys (Option 2).

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Duration in months: 24 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

General contractual obligations:

NS8402 'General contractual obligations for consultancy assignments paid in accordance with accrued time', including the Norwegian Public Roads Administration's alterations and supplementing regulations.

The Norwegian Public Roads Administration edition 12.11.2002.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

a) Declaration(s) on joint and several liability for working partnerships (if relevant for the tenderer).

b) Commitment statement or equivalent for sub-providers (if applicable for the tenderer).

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: a) Tenderers shall enclose a tax and VAT certificate; b) Norwegian companies: The certificate shall be as recent as possible and not older than 6 months old from the tender deadline. The certificate shall be issued by the Norwegian Tax Administration and it can be ordered in Altinn or at the tax collector or the Norwegian Tax Administration;

c) Foreign companies: In the case of foreign service providers, certificates shall be presented which substantiate that the tenderer has met the obligations concerning the payment of tax and duties.

III.2.2. Economic and financial ability

List and brief description of conditions: Tenderers must have the financial capacity to carry out the contract:

— Annual Financial Statements for the last 3 fiscal years which includes the Director's report, income statement, balance sheet, notes and auditor's report.

III.2.3. Technical and professional ability

List and brief description of conditions:

1) A list of the most important relevant deliveries and services performed during the past 3 years, including information about the value, date, as well as the name of the public or private recipient. A minimum of 3 (maximum 5) reference assignments must be described. Services to public contracting authorities shall be documented by certificates issued or confirmed by the authority in question. If the services were for private contracting authorities, certificates should be issued or confirmed by these. In the absence of this, a declaration from the tenderer will be accepted.

2) Details of the educational and professional qualifications of the tenderer and the company's administrative management/the persons responsible for providing the service (competence matrix).

3) Organisation plan for the assignment shall show the offered personnel in the different key positions, including: CV for offered key personnel in the organisation plan. The CV shall provide information of the experience, education, relevant reference assignments and the function the person has had in these jobs.

Minimum level(s) of standards possibly required:

The tenderer shall have competence and experience within the relevant consulting service and shall have carried out assignments of the same nature, complexity/degree of difficulty and scope/size.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: no

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

Mime nr: 16/69956
