2) Entering general supplier information.

To manage and assess supplier information the Contracting Authority requests candidates provide their supplier profile in the NHS Supplier Information Database (sid4health) as follows:

2.1) Candidates must obtain a Dun & Bradstreet (D&B) D-U-N-S® Number to enable registration on sid4health. This normally is provided within 48 hours but may take up to 5 days (turnaround times will vary from country to country), so please ensure this step is completed as soon as possible. The D-U-N-S® number is the standard supplier coding for the NHS and must be obtained for use in all trading with the NHS. Check to see if your company has a D-U-N-S® Number on the Sid4health registration page.

2.2) Candidates must go to the following web page <http://www.sid4health.nhs.uk/home.action> and select the Register Supplier Organisation on the left of the page. Key in details as shown to search for your D-U-N-S® Number. If you are not on their database click on the link at the bottom of the page to obtain a number from D&B.

2.3) Once registration has been authorised by the sid4health administrator and after receiving logon details, access the Profile Management area and create and validate your sid4health company profile. (Candidates must publish at least one validated profile to make their profile available for buyers to view generally – see the Help page on sid4health within Profile Management for more details).

2.4) Candidates should ensure all the mandatory fields of their sid4health profile are completed. Failure to comply with the completion of all mandatory fields could result in the elimination from the procurement process at this stage. D&B data will be supplied automatically by D&B.

2.5) Once a candidate has ensured that all the required fields are completed and the profile has been validated. They must add the profile to the Request to Participate list ID number T1200_276 and named itt_29436 - Central - Anti retroviral pharmaceuticals. Select ‘View all

request to participate lists' on the left menu and search/select this list. Select the Join button to the right of the list and then select the validated profile to allocate to this procurement (you may have more than one validated profile as you may have different information held against your profile for different procurements) (Please note the number on the Request To Participate list name should be the same as that generated by the Bravo ITT creation i.e. the itt_29436 - Central - Anti retroviral pharmaceuticals. It is easiest to copy and paste this straight from Bravo).

2.6) Where access to sid4health is unavailable, please contact the sid4health Helpdesk at: helpsid4health@eurodyn.com

The framework agreement is for the benefit of other participating NHS bodies (whether acting individually, or on behalf of, or together as members of any consortia) along with any other non-NHS bodies which the participants deem necessary for the delivery of services or goods to NHS bodies, local authorities, other government departments or non-departmental public bodies charged with the delivery of healthcare or health related services.

Contracts awarded under a framework agreement may be awarded either:

a) By application of the terms laid down in the framework agreement without reopening competition, or

b) Where not all the required terms of the proposed contracts are laid down in the framework agreement, by reopening competition between the economic operators which are parties to this framework agreement and which are capable of performing the proposed contract.

Reopening of competition will be done in accordance with the procedure set out in Directive 2004/18/EC, Article 32.

Potential suppliers should note that, in accordance with the Government's policies on transparency, the Contracting Authority intends to publish the OJEU, ITT and the text of final contracts / framework agreements, subject to possible redactions at the discretion of the CMU (part of the Department of Health).
