Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderer must have proper conditions regarding the payment of tax and value added tax. Documented by value tax certificate (national requirements) and company tax certificate (national requirements) not older than 6 months from the date of submission of tenders, issued by the competent authority confirming that the tenderer has fulfilled obligations regarding payment of taxes, social security contributions and VAT. Any areas and other irregularities must be justified.

The tenderer must be a legally registered company. Documented by evidence of enrolment in the professional trade register, as required by national law in the country where the tenderer is established. For Norwegian suppliers, this will be a company registration certificate from Brønnøysundregistrene.

The tenderer must, by means of signed self-declaration, document that ILO Convention No 94 on pay and working conditions is complied with.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

The tenderers profitability and financial position will be considered when selecting supplier. The awarding authority will obtain information from Bisnode Norge AS. Credit rating A 'worthy of credit' with subappraisal on economy equivalent to 'satisfactory' and solvency equivalent to 'acceptable' will be required. Any subsupplier the tenderer wants to use for exchange tradings of electricity must also fulfill the requirements. For newly established tenderer where credit rating is not attainable, minimum 5 millions NOK in invested equity will be required. The above-listed requirements will be withdrawn if the tender includes bank guarantee or guarantee from parent company which meets the specified requirements for credit ratings and subappraisals. The guarantee must include all obligations given in the contract.

The tenderer shall not be bankrupt, demanded bankrupt, subject to insolvency proceedings, in liquidation or demanded forcibly dissolved. Documented by certificate issued by competent authority confirming that the supplier satisfies the requirement. The certificate must not be older than 6 months from the date of submission of tenders.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

The tenderer must document implementation capacity.

Documented with an overview of the most principal deliveries in the period 2017-2019 with information of turnover in NOK, delivery time and recipient.
To be qualified the overview must include minimum three physical deliveries to the same buyer in the period 2017-2019 — a total of three deliveries for the 3 years (either these three deliveries have been carried out in the same delivery year or during the 3 year period), each of which has added an annual turnover of minimum 0.7 million NOK ex. VAT.
A group of customers is not considered to be the same buyer in this context.
The tenderer must have concession for delivery of electric power.
