Tenders or requests to participate must be submitted to the abovementioned address

I.6. Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Purchase of Mini Excavator Trailers

II.1.2. Main CPV code

34223300 Trailers

II.1.3. Type of contract

Supplies

II.1.4. Short description

The Contracting Entity is seeking interest in the purchase of the following goods for it's gas transmission and distribution network in Wales and the South West of England:

In recent years mini-excavator trailers have been of industry-standard types, where the excavator is loaded via a hinged ramp and mechanically restrained on the trailer via the tracks and boom.

There is now a requirement for a revised design, which will enable the operator to load the excavator in full accordance with the machine manufacturer's instructions, whilst also eliminating manual handling of the breaker and other attachments.

Please note this requirement is for purchase only, hire proposals will not be considered.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: UK United Kingdom

II.2.4. Description of the procurement

Wales and West Utilities ("WWU") currently operates 78 1,5 tonne mini-excavators, all currently of JCB manufacture. Every machine is provided with a trailer and an hydraulic breaker, in addition to three buckets. This fleet is anticipated to grow a little in the foreseeable future.

In recent years mini-excavator trailers have been of industry-standard types, where the excavator is loaded via a hinged ramp and mechanically restrained on the trailer via the tracks and boom.

There is now a requirement for a revised design, which will enable the operator to load the excavator in full accordance with the machine manufacturer's instructions, whilst also eliminating manual handling of the breaker and other attachments. A revised design that delivers a reduced unladen weight will offer a better margin of compliance.

Please note that this requirement is for the purchase or modification of existing trailers, hire proposals will not be considered.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

The initial contract term is 24 months. WWU reserves the option to extend for a further 12 months. Further detail will be provided in the procurement documents.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13.

Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

If applicable details will be within the PQQ/ITT documentation.

Please note that the tender will be run via our procurement portal Bravo which requires suppliers to be registered to participate and failure to register will result in the supplier not being able to participate in the sourcing event.

Pre-qualification/tender documents will be accessed via an electronic sourcing portal and an email will be sent containing the link to the system.

Please note that the tender is running in tandem with the OJEU notice and will close on 24.6.2019.

III.1.2. Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3. Technical and professional ability

Selection criteria as stated in the procurement documents

III.1.6. Deposits and guarantees required

If applicable details will be within the PQQ/ITT documentation.
