Services

Service category No 7: Computer and related services

NUTS code

**II.1.3. Information about a framework agreement or a dynamic purchasing system**

The notice involves a public contract

**II.1.4. Information about framework agreement**

#### **II.1.5. Short description of the contract or purchase(s)**

The Gibraltar Port Authority (GPA) is in the process of relocating its coastal surveillance and vessel traffic service Vessel Traffic Services (VTS) system from its current harbour location to new purpose-built offices at Lathbury Barracks, Windmill Hill at the south end of Gibraltar. This objective shall be achieved through the procurement of a complete VTS system comprising all necessary hardware, software, required sensors, communications systems, training and support ('the system') but retaining the existing Radar antenna and associated transceiver hardware.

The purpose of the VTS replacement system project is to address a number of issues, ranging from limitations in the currently installed technology to increased requirements by GPA.

This Project will require the replacement of the existing VTS system at the VTS Centre and the Remote Sites. This will allow for display and control of Radar, AIS and Electro-Optic (EO) surveillance of British Gibraltar Territorial Waters from the new GPA VTS Centre.

Tenderers will be expected to provide a fully priced 'turnkey' solution to the requirements specified in the Specifications.

#### **II.1.6. CPV code(s)**

51240000 Installation services of navigating equipment, 48610000 Database systems, 48620000 Operating systems, 50246000 Harbour equipment maintenance services, 50312000 Maintenance and repair of computer equipment, 50312100 Maintenance and repair of mainframe computers, 50312300 Maintenance and repair of data network equipment, 50312600 Maintenance and repair of information technology equipment, 50200000 Repair, maintenance and associated services related to aircraft, railways, roads and marine equipment , 35722000 Radar, 38115100 Radar surveillance equipment
