Body governed by public law

I.5. Main activity

Health

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Southwark Community Dermatology

Reference number: DN289542

II.1.2. Main CPV code

85100000 Health services

II.1.3. Type of contract

Services

II.1.4. Short description

The Community Dermatology Service will play a key role in supporting Southwark CCG in its strategy to optimise the value of referrals and improve patient experience and outcomes. The Service will manage a broad range of dermatological conditions and support the development of sustainable care pathways, which are cost-effective, responsive to local need, clearly articulated between clinical partners and underpinned by a combination of effective referral optimisation and robust educational support. The Community Service will also play a pivotal

role in strengthening the dermatology offering in Southwark, by providing a link between primary and secondary care, building capacity and expertise within the community and diverting less complex activity away from the acute trusts, thereby improving access to secondary care for those patients requiring consultant-led treatment.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 1 161 637,80 GBP

II.2. Description

II.2.3. Place of performance

NUTS code: UKI London

II.2.4. Description of the procurement

The Community Dermatology Service will play a key role in supporting Southwark CCG in its strategy to optimise the value of referrals and improve patient experience and outcomes. The Service will manage a broad range of dermatological conditions and support the development of sustainable care pathways, which are cost-effective, responsive to local need, clearly articulated between clinical partners and underpinned by a combination of effective referral optimisation and robust educational support. The Community Service will also play a pivotal role in strengthening the dermatology offering in Southwark, by providing a link between primary and secondary care, building capacity and expertise within the community and diverting less complex activity away from the acute trusts, thereby improving access to secondary care for those patients requiring consultant-led treatment.
