Town: Bergen

Postal code: 5021

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Validation clean room ventilation in production premises, LAF-benches and insulators.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 25: Health and social services

Main site or place of performance: Bergen, Norway.

NUTS code NO051 Hordaland

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in months: 48

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 1 800 000 NOK

Frequency and value of the contracts to be awarded: See the tender documents.

II.1.5. Short description of the contract or purchase(s)

The contracting authority would like tenders for the validation of clean room ventilation in premises in Sjukehusapoteka Vest and the Centre for Nuclear Medicine in Helse Bergen, that is used for the production of medicines, including LAF-units that are placed in the rooms.

The assignments shall be carried out for Sjukehusapoteka Vest and Helse Bergen.

Sjukehusapoteka Vest consists of 4 pharmacies, the hospital pharmacy in Bergen, the hospital pharmacy in Stavanger, the hospital pharmacy in Førde and the hospital pharmacy in Haugesund. All the four hospital pharmacies produce aseptically prepared medicines for their own customers and their own hospitals. In addition the hospital pharmacy in Bergen produces orders from the other hospital pharmacies in SAV in addition to being one of the three hospital pharmacies that participate in a national scheme for the production of sterile medicines.

Daily radioactive medicines are produced at the Centre for Nuclear Medicine/the PET centre under aseptic production. There is no danger of radioactive exposure for operators and the Centre for Nuclear Medicine/PET is legally charged with taking care of external personnel's safety.

II.1.6. CPV code(s)

90731300 Air pollution protection services, 71731000 Industrial quality control services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The contracting authority would like tenders for the validation of clean room ventilation in premises in Sjukehusapoteka Vest and in the Centre for Nuclear Medicine (the PET centre) in Helse Bergen, which are used for the production of medicines, including LAF units that are placed in the rooms. The premises, as the LAF units are classified in accordance with GMP(Good Manufacturing Practice). See the following page for further information on GMP: http://ec.europa.eu/health/documents/eudralex/vol-4/index_en.htm

Sjukehusapoteka Vest consists of 4 pharmacies, the hospital pharmacy in Bergen, the hospital pharmacy in Stavanger, the hospital pharmacy in Førde and the hospital pharmacy in Haugesund. All the four hospital pharmacies produce aseptically prepared medicines for their own customers and for their own hospital. The hospital pharmacy in Bergen produces, in addition, orders from the other hospital pharmacies in SAV, and it is one of the hospital pharmacies that participate in a national scheme for the production of sterile medicines. In Helse Bergen the procurement is for the Centre for Nuclear Medicine/the PET centre. Daily radioactive medicines are produced at the Centre for Nuclear Medicine/the PET centre under aseptic production. There is no danger of radioactive exposure for operators and the Centre for Nuclear Medicine/PET is legally charged with taking care of external personnel's safety.

See annex 5 for a description of the premises, equipment and tests.

The premises shall be validated with one year intervals, as agreed with each place. The work must be planned in good time.

In addition tenderers must carry out extraordinary limited testing e.g. after new procurements, in connection with construction activities etc.

In addition to the stated validation assignments, tenderers must be able to carry out simple maintenance/repair assignments that are uncovered during testing e.g. sealing/replacing HEPA filters, minor leak testing of HEPA filters and contribute to professional problems that arise during the testing.

The premises that shall be tested are in daily use and even if one tries to adapt work/activities whilst the testing is being carried out, it will be necessary for parts of the work to be carried out both in the late afternoon/evening and at weekends. It is also important that the work is carried out during as short a period as possible. As regards the Centre for Nuclear Medicine, there will always be qualified personnel in the premises. External personnel will therefore always be taken care of by internal personnel.

Tenderers must also be able to carry out extraordinary «sub validations» resulting from technical problems or external conditions such as, e.g. construction/blasting in the area surrounding the production premises.

Estimated value excluding VAT: 1 800 000 NOK

II.2.2. Information about options

Options: yes

Description of options: The contract has an option for an extension for 1+1 year.

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Start 1.10.2014. Completion 30.9.2016

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2.

Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded
