Public order and safety

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Calibration Verification of Evidential Breath Analyzers
Reference number: RVLdno-2021-1035

II.1.2. Main CPV code

71630000 Technical inspection and testing services

II.1.3. Type of contract

Services

II.1.4. Short description

The Finnish Border Guard (in Finnish Rajavartiolaitos, hereinafter referred to as "Contracting authority"), on behalf of itself and of the Finnish National Police Board (in Finnish Poliisihallitus), requests tenders for providing calibration verification service for Evidential Breath Analyzers (hereinafter referred to as "EBA") that are used for determining the presence of controlled substances in exhaled breath. The purpose of the procurement is to procure verification services to ensure accurate and reliable operation of the EBAs in law enforcement use. The Contracting authority asks tenderers to note, that the service to be procured does not include the calibration of the EBAs.

The requirements and specifications for Calibration verification service are presented in this Call for tenders and its annexes.

The Finnish Border Guard is responsible for conducting the tendering competition regarding this procurement. The Finnish Border Guard and The Finnish National Police Board will sign their own contracts with the service provider based on the contract award decision issued by The Finnish Border Guard.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71600000 Technical testing, analysis and consultancy services, 71610000 Composition and purity testing and analysis services, 71900000 Laboratory services, 50433000 Calibration services

II.2.3. Place of performance

NUTS code: FI Suomi / Finland

Main site or place of performance: Service provider's premises.

II.2.4. Description of the procurement

NUMBER OF DEVICES

Calibration verification service will be annually procured for approximately 240-270 EBAs during the contract period. The model of the EBA is Intoxilyzer 9000 (hereinafter referred to as "Device") manufactured by CMI Inc. The technical details of the Device are presented in Annex 1.

Contracting authority's non-binding estimate is that each participating community will be procuring verification service to the following number of Devices:

The Finnish Border Guard - approx. 40-50 Devices

The Finnish National Police Board - approx. 200-220 Devices

CALIBRATION VERIFICATION

Calibration verification shall be performed to new instruments as well as after the Device has undergone annual maintenance. Devices shall not be put into service until their accuracy and reliability have been verified. Calibration verification of Devices before commissioning and before returning them to service after annual maintenance include checking the structure and operation of the Device and comparing the measurement results with the maximum permissible inaccuracy limits.

Contracting authority's EBA supplier and maintenance service provider is located in Sweden. The selected tenderer (the service provider of Calibration verification service), the Contracting authority (both participating communities) and Contracting authority's EBA supplier /maintenance service provider shall work in cooperation to enable a flexible overall service configuration during the contract period.

The requirements for Calibration verification are specified in Call for tenders section "Procurement object criteria, General criteria of the group".

Calibration verification shall be carried out by a neutral third party. Thus the service provider shall be neutral and independent in regard to the manufacturer of the Device.

The Device enables the use of added API commands to reduce manual work in the execution of calibration verification. The Contracting authority is not liable for availability or any costs or expenses relating to required software.

II.2.5. Award criteria

Criteria below

Price

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/07/2022

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no
