The present competition for contract furniture include the furniture groups of office and panel furniture, teaching furniture and environmental furniture. KHiB has previously awarded the assignment of interior architect to Scenario Interiørarkitekter AS. Together with KHiB, Scenario has developed an interior concept. Scenario has carried out capacity studies and prepared furniture plans and specifications for furniture and fixtures. In this work, emphasis is placed on the selection of furniture and fixtures mirroring the organisation's content and ambitions, as well as the the building's materiality and visual expression. As 1 of the country's leading educational institutions for art and design, this puts high demands on the fixtures functionality and visual qualities.

KHiB wants tender offers on framework agreements that include the purchase of furniture and fixtures, as well as the delivery and assembly at provided address and location. In addition there will be follow-up and adjustments in the probationary period and return/scraping.
