Duration in months: 48 (from the award of the contract)

Information about lots

Lot No: 1

Lot title: Supply and installation of X-ray baggage and parcel scanners

1) Short description

This lot involves:

- the purchase, delivery and transport to the place of installation of X-ray scanners for baggage and parcels for the 3 European Parliament sites,
- the installation and commissioning of the equipment and the preventive and corrective maintenance during the warranty period of the equipment supplied and installed by the contractor,
- related services, other than installation work (e.g. equipment moving),
- the removal and destruction of old equipment,
- and the constraints necessary for carrying out these activities.

2) CPV code(s)

38582000 X-ray inspection equipment

3) Quantity or scope

This lot comprises 5 types:

- type A — mobile equipment for scanning baggage;
- type B — equipment for scanning baggage;
- type C — equipment for scanning parcels;
- type D — equipment for scanning complex parcels;
- type E — equipment for checking palettes.

Estimated value excluding VAT:

Range: between 1 200 000 and 1 800 000 EUR

4) Indication about different time frame or duration

Duration in months: 48 (from the award of the contract)

5) Additional information about lots

Compliance with standards:

the equipment and its installation must comply with the standards and European directives relating to devices using ionising radiation (Council Directive 2013/59/Euratom) as well as the standards and regulations in force in the country to where they must be delivered.

If the removal or destruction of ionising radiation tunnels is involved, a certificate of destruction according to the standards in force in the country concerned will be required.

Lot No: 2

Lot title: Supply and installation of walk-through metal detectors

1) Short description

This lot includes:

- the purchase, supply and transport to the place of installation of metal detectors for the 3 European Parliament sites,
- the installation and commissioning and the preventive and corrective maintenance during the warranty periods of the equipment supplied,
- the disposal of packaging,
- and the constraints necessary for carrying out these activities.
