Tenders or requests to participate must be submitted to the abovementioned address

### I.4. Type of the contracting authority

Regional or local agency/office

### I.5. Main activity

General public services

## Section II: Object

---

### II.1. Scope of the procurement

#### II.1.1. Title

Procurement of diesel, AdBlue, and windscreen fluid  
Reference number: 16/2022

#### II.1.2. Main CPV code

09134230 Biodiesel

### **II.1.3. Type of contract**

Supplies

### **II.1.4. Short description**

The contracting authority needs a framework agreement(s) for the procurement of transport diesel and site diesel (both HVO100 and fossil diesel), as well as AdBlue and windscreen fluid for its vehicle fleet. The contest is split into two (2) sub-contests, one for the procurement of diesel, and one for the procurement of AdBlue and windscreen fluid. Each sub-contest will be evaluated and awarded separately. Tenderers can submit tenders for one (1) or both (2) of the sub-contests. The tender must be clearly state in which sub-contest the tender is for. The framework agreement period is 1 year, with an exclusive option for the contracting authority to extend the framework agreement for 1+1 year. Based on statistics, and the best estimate, the contracting authorities estimates that the contract value for the entire contract period, including options, will be approx. NOK 30 million for diesel products, and NOK 400,000 for AdBlue and windscreen fluid.

### **II.1.5. Estimated total value**

Value excluding VAT: 38 000 000,00 NOK

### **II.1.6. Information about lots**

This contract is divided into lots: yes  
Tenders may be submitted for all lots

## **II.2. Description**

### **II.2.1. Title**

Diesel products.  
Lot No: 1

### **II.2.2. Additional CPV code(s)**

09134200 Diesel fuel

### **II.2.3. Place of performance**

NUTS code: NO060 Trøndelag  
Main site or place of performance: County: Trøndelag, Municipality: Trondheim

### **II.2.4. Description of the procurement**

Re transport diesel, the contracting authority will mainly have advanced HVO100 delivered to its tank facilities (30 m<sup>3</sup>) at Heggstadmoen 53. The estimated annual volume is 480,000 L. In addition the contracting authority needs to fill fossil diesel from an external tank facility for some of its vehicles, estimated to approx. 30,000 L per annum. In order to see to the need for fossil diesel, and in the event of delivery challenges to the contracting authority's tank facilities, tenderers must be able to offer an alternative location for tanking the contracting authority's vehicles, possibly a contract with sub-suppliers for an agreement such as a company card, with through-invoicing via the tenderer.

Re site diesel, the contracting authority shall currently have fossil diesel delivered to the contracting authority's tank facilities (13 m<sup>3</sup>) at Heggstadmoen 63. The estimated annual volume is 210,000 L.

The contracting authority will have an option for the delivery of HVO100 site diesel, equivalent to 180,000 L a year, delivered in bulk to the existing tank facilities. If the option is taken up, it will in addition mean the delivery of the remaining 30,000 L a year of fossil site diesel, as well as the delivery of 1 extra tank facility for this. If the option is taken up, the contracting authority would like the tenderer to come on a site inspection at the contracting authority's property and

give an offer based on his best recommendation as regards placement, size, rules, and requirements. The tank facility must have a system for vehicle registration during tanking, so that it is compatible with existing systems at the contracting authority.

#### **II.2.5. Award criteria**

Criteria below

Quality criterion - Name: Delivery Capability / Weighting: 40%

Price - Weighting: 60%

#### **II.2.6. Estimated value**

Value excluding VAT: 37 500 000,00 NOK

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Start: 01/09/2022 End: 31/08/2023

This contract is subject to renewal: no

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: yes

Description of options:

Unilateral option for the contracting authority to extend the framework agreement for one year + one year.

The contracting authority will have an option for the delivery of HVO100 site diesel, equivalent to 180,000 L a year, delivered in bulk to the existing tank facilities. If the option is taken up, it will in addition mean the delivery of the remaining 30,000 L a year of fossil site diesel, as well as the delivery of 1 extra tank facility for this.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds: no

#### **II.2.14. Additional information**

##### **II.2. Description**

##### **II.2.1. Title**

AdBlue and windscreen fluid.

Lot No: 2

##### **II.2.2. Additional CPV code(s)**

09134200 Diesel fuel

##### **II.2.3. Place of performance**

NUTS code: NO060 Trøndelag

Main site or place of performance: County: Trøndelag, Municipality: Trondheim

##### **II.2.4. Description of the procurement**

The contracting authority would like to have AdBlue and windscreen fluid delivered to its tanks at Heggstadmoen 53. The contracting authority currently has 3x1000 L tanks for AdBlue and 1x1000 L tank for windscreen fluid. The estimated volume a year is approx. 25,000 L AdBlue and 2,000 L windscreen fluid. In addition to bulk deliveries, the contracting authority would like the possibility to have the products delivered in IBC tanks (1000 L) and in barrels (210 L).

#### **II.2.5. Award criteria**

Criteria below

Price

#### **II.2.6. Estimated value**

Value excluding VAT: 500 000,00 NOK

#### **II.2.7. Duration of the contract, framework agreement or dynamic purchasing system**

Start: 01/09/2022 End: 31/08/2023

This contract is subject to renewal: no

#### **II.2.10. Information about variants**

Variants will be accepted: no

#### **II.2.11. Information about options**

Options: yes

Description of options:

Unilateral option for the contracting authority to extend the framework agreement for 1+1 year.

#### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

#### **II.2.14. Additional information**

### **Section III: Legal, economic, financial and technical information**

---

#### **III.1. Conditions for participation**

##### **III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation Requirement

- Norwegian tenderers: Company Registration Certificate.
- Foreign tenderers: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established. The certificate must not be older than 12 months from the tender deadline.

##### **III.1.2. Economic and financial standing**

List and brief description of selection criteria:

Tenderers must have the financial capacity to carry out the assignment/comply with the contractual obligations. Tenderers are required to be credit worthy and have satisfactory liquidity and solidity. Minimum of A or equivalent

Documentation Requirement

- A credit rating based on the most recent financial figures. The credit rating must not be older than 3 months. The rating must be carried out by a credit rating agency with licence to conduct such services.

##### **III.1.3. Technical and professional ability**

List and brief description of selection criteria:

Qualification requirements

Tenderers must have experience from similar contracts

Documentation:

- Completed annex 5. A description of the three primary equivalent deliveries during the last three years. Including information about the value, time and recipient (name, telephone and email). The contracting authority must be given the authority to contact the person in question. The references will only be contacted if required.

Qualification requirements

Tenderers must have a quality assurance system.

- Documentation of the quality assurance system. An account of the tenderer's existing routines and documentation that the requirement for a quality assurance system/management system applicable for the assignment is covered. If this is described in the tenderer's quality assurance system, in accordance with ISO 9001 or equivalent, documentation of this can be enclosed.

Tenderers must have an environmental management system.

- Documentation of an environmental management system. Copies of any certificates, such as ISO 14001, EMAS, Miljøfyrtårn or equivalent, are to be enclosed. If a tenderer does not have an environment management system, the tenderer must be willing to implement one within 6 months of the contract being signed. This must be documented in writing.

Qualification requirements

Tenderers must have a binding cooperation relationship with any sub-contractors.

- Signed commitment statement (Annex 7)

If a tenderer must rely on another company's competence or capacity to fulfil a qualification requirement, a separate ESPD must be enclosed for this sub-supplier.
