General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

63-BYM-2020 Operational and Maintenance Services for the Area South/East

Reference number: 63-BYM-2020 sak 20/10961

II.1.2. Main CPV code

45233141 Road-maintenance works

II.1.3. Type of contract

Works

II.1.4. Short description

Oslo Municipality, Bymiljøetaten [the Department of Urban Development] is the municipality's professional body in relation to roads, road traffic and public transport on roads. The contracting authority is responsible for the municipal road network, including the standardised county road network. Bymiljøetaten is responsible for following up on noise and air pollution requirements from the road as well as responsibility for long-term traffic planning, traffic and use of street plans, traffic safety and plans for accessibility measures for public transport and operation of municipal urban spaces in Oslo. The urban spaces include common areas such as roads and streets, squares, meeting places, parks and recreational areas.

An important part of this administrative responsibility is related to the procurement of services for the operation and maintenance of the road network in order to ensure good conditions for all road users.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

45112730 Landscaping work for roads and motorways, 45233000 Construction, foundation and surface works for highways, roads, 45233121 Main road construction works, 45233129 Crossroad construction work, 45233139 Highway maintenance work, 45233140 Roadworks, 45233142 Road-repair works, 45233210 Surface work for highways, 45233220 Surface work for roads, 45233300 Foundation work for highways, roads, streets and footpaths, 45233310 Foundation work for highways, 45233320 Foundation work for roads, 71631480 Road-inspection services, 90620000 Snow-clearing services

II.2.3. Place of performance

NUTS code: NO011 Oslo

II.2.4. Description of the procurement

There is an ongoing need for operation and maintenance of roads, pavements, foot and bicycle paths and hiking routes in the entire municipality of Oslo. The area the contract includes the districts of Østensjø (apart from the roads north of the outer ring road), Nordstrand and Søndre Nordstrand. The contractual work includes i.a:

- emptying drains,
- repairing potholes in the asphalt,
- cleaning,
- sweeping,
- snow clearing,
- removing snow,
- scattering,
- emptying waste bins at stops,
- operation of Åsland snow deposit.

There is also a need for maintenance of infrastructure in the road network which shall result in less construction work. The work is carried out as work based on a cost-plus basis and can constitute a large part of the annual turnover of the contract. Smaller construction works are i. a.:

- speed bumps,
- crossing limitations,
- retaining walls.
— walls:
 - replacement of drains,
 - resetting and changing kerbstones,
 - asphalt milling,
 - asphalt removal,
 - asphalt work for roads and pavements,
 - red asphalt work on cycle lanes,
 - elevating and sinking of manholes and drains,
 - tactile flagstones and guiding lines,
 - excavation work.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 01/09/2020 End: 31/08/2022

This contract is subject to renewal: yes

Description of renewals:

The contracting authority has an option to extend the contract for up to a further 1 + 1 years on unchanged terms.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Requirement: tenderers must be a legally established company.

Documentation requirement:

Norwegian companies: company registration certificate

Foreign tenderers: verification that the company is registered in a trade index or a register of business enterprises as prescribed by the law of the country where the company is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Credit evaluation/rating, not older than 6 months and based on the last known fiscal figures.

The rating must be carried out by a publicly approved credit rating institution.

The contracting authority reserves the right to obtain a separate credit evaluation if necessary.

Minimum level(s) of standards possibly required:

Tenderers must have the financial capacity to carry out the contract and be credit worthy.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

1.a) An account of the supplier's average workforce and the number of employees in the administrative management today.

1.b) A description of the administrative and technical personnel available to the supplier for the fulfillment of this contract, whether or not they belong to the enterprise.

1.c) A description of the vehicles, machinery, tools and technical equipment available to the supplier for the fulfillment of this contract, whether or not they belong to the enterprise.

Appendix 8 Complete list of vehicles must be completed.

1.d) The proportion of the contract that will be performed by a subcontractor must be stated, as well as a description of the work that is expected to be executed by a subcontractor.

2.a) Information about the education, professional qualifications and relevant experience of the tenderer's key personnel, i.e. The contract manager and construction manager that is responsible for implementation of the service.

2.b) CVs for key personnel must be attached.

3) An overview of the most important services that the tenderer has carried out during the last three years, together with information about the contract value, date of execution and name of the recipients.

Minimum level(s) of standards possibly required:

1) The tenderer must have the capacity and implementation ability both in regard to personnel and technical resources.

2) The tenderer must have the following key personnel:

(a) Key personnel — the contract manager is the tenderer's representative at operations meetings and the one who is responsible for daily follow up with the contracting authority. The requirement for the contract manager is 3 years experience from operations contracts on roads from large towns.

(b) Key personnel — construction managers must have professional competence in the relevant disciplines and 3 years experience from following up operations contracts on roads in large towns.

3) The tenderer must have experience from similar assignments. This means that the tenderer has carried out entire or major parts of equivalent assignments as those in the description for this assignment. The tenderer must have experience from work of the same nature and degree of difficulty i.e. experience from operations contracts for medium traffic road networks in urban areas.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

The contractual relationship will be governed by the standard contract terms for Oslo Municipality's procurement of trade services, with the related contract formula, see Appendix 3 and 4.

Please pay special attention to the Oslo Municipality's seriousness provisions under point 5 of the standard contract and the environmental requirements under point 18 of the contract form.

III.2.3. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

IV.1.8. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 19/06/2020 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7. Conditions for opening of tenders

Date: 19/06/2020 Local time: 12:00

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: Oslo Tingrett

Town: Oslo

Country: Norway

VI.5. Date of dispatch of this notice

18/05/2020
