II.2. Scope of the procurement

II.2.1. Total quantity or scope

Based upon historic volumes, it is estimated that there will be a combined requirement during the contract term to recover/remove 17 000 vehicles per annum across the counties of Bedfordshire, Cambridgeshire and Hertfordshire.

Due to the number of recoveries/removals and the need to meet specific response times, the geographical areas of Bedfordshire, Cambridgeshire and Hertfordshire will be divided into Lots. It is the intention that each of these Lots will be awarded to one (1) Operators to ensure coverage and resilience.

Lots have also been created for those parts of the M1,M11 M25 and A1(M) motorways that run through Hertfordshire and Bedfordshire and Cambridgeshire. In respect of these motorway lots the attention of respondents is drawn to the following.

Recovery of the vehicles from both carriageways of these motorways will be the responsibility of the operator awarded the appropriate motorway lots and not the operator awarded the lot covering the area through which the motorway runs. For the avoidance of doubt, that part of the A1 that runs through Bedfordshire and that part that of A14 that runs through Cambridgeshire is not classified as a motorway. Vehicles recovered from the motorway that are not the subject of a Police lead incident will become the responsibility of the Highway Agency. These motorway Lots will be allocated to either one (1) Contractors.

Operators may bid for one or more Lots.

For details of the individual lots, see Annex B.

II.2.2. Information about options

Options: no

II.2.3. Information about renewals

II.3. Duration of the contract or time limit for completion
