NUTS code UKG West Midlands (England)

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

The procurement involves the establishment of a framework agreement

II.1.4. Short description of the contract or purchase(s)

The qualification of 4 contractors to a Framework Agreement for the supply and installation of a high quality/enhanced catalogue of totem products to improve city centre environments within Centro's network across the West Midlands area. The framework should make available

a suitable range of totem products offering enhanced information provision, available for call-off purposes. Please note, however, that there may be elements of contractor design required dependent on the characteristics of a particular site. The Framework Agreement will be for a period of no longer than 48 months from the date of the award of the contract.

The framework is for way-finding totems, interchange totems and transport totems.

Each call-off will usually be awarded via a mini competition process where all qualified suppliers will be invited to take part. The evaluation criteria will not necessarily be the same criteria used in the original qualification of suppliers to the framework. They will be determined by what is deemed most appropriate based on the requirements of the particular call-off itself. There is also the mechanism within this framework for direct call-offs.

Section VI: Complementary information

VI.1. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
yes

Identification of the project: Some call-offs undertaken from this Framework Agreement may be subject to EU Involve/ERDF or other associated or relevant funding.

VI.2. Additional information

This Framework Agreement is available for any Local Authority, Integrated Transport Authority or public body in the UK to access and order from including specifically all 7 West Midlands Authorities (especially Birmingham City Council and Coventry City Council), Marketing Birmingham, Leicester City Council, Bristol City Council, Shropshire County Council and West Yorkshire Combined Authority.

As this is a Framework Agreement it is not known at this stage what the aggregate value of spend will be over the duration of the framework in terms of Centro spend or spend incurred by the various organisations that can access and order from it. It is not the intention that Centro uses the framework to procure on behalf of other organisations rather that other public bodies have access to it and procure directly from the qualified suppliers.
