Value excluding VAT: 1 100 000,00 EUR

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: FI1B Helsinki-Uusimaa

Main site or place of performance: The overhaul will be performed in the selected supplier's production facility.

II.2.4. Description of the procurement

BACKGROUND AND PURPOSE OF THE PROCUREMENT

Junakalusto Oy has procured 81 Stadler Flirt train units whose national type name is Sm5. All Sm5 train units have been delivered by Stadler Bussnang AG in 2009 – 2017. 81 Sm5 train units have 80 Knorr-Bremse VV120-T air production units.

Junakalusto Oy's basic objective is to ensure that the value and quality of Sm5 train units including their components is preserved, and to secure controlled development of Sm5 train units and components during their entire lifetime. In addition, Junakalusto Oy's objective is also the reduction of the maintenance cost, operating cost and life cycle costs of Sm5 train units.

The purpose of the procurement is to agree on the overhauls to be performed by the selected Seller. The Seller shall carry out and deliver the overhauls of the air production units in accordance with all terms and conditions of the final invitation to tender.

OBJECT OF THE PROCUREMENT

The object of the procurement is the overhauls of the following components manufactured by Knorr-Bremse:

– VV120-T air production units (compressor including air dryer)

The overhauls shall be performed during 2024 - 2026.

A more detailed scope and terms of the overhaul have been specified in the following annexes:

- Annex 1: Draft agreement

- Annex 1.1: Preliminary scope of the overhaul of the air production units

In addition to the overhaul, the transport of each component from the facility shown by the buyer to the facility where the overhaul is performed and back to the facility shown by the buyer is included in the object of the procurement as described in the draft agreement. The dismantling and mounting back the component is done by the maintainer of the Sm5 train units and therefore it is not included in the scope of the procurement.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 36

This contract is subject to renewal: yes

Description of renewals:

The preliminary contract period is described in the Draft Agreement (Annex 1).

II.2.9. Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3 Maximum number: 5 Objective criteria for choosing the limited number of candidates:

A limited number of candidates will be selected to the negotiation procedure. It is endeavored by the set minimum criteria and by the additional requirements to be compared to ensure the reliability of the delivery of the service and that the producer of the service is able to perform the assignment that is the object of the procurement.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

The scope of the overhaul of air production units consists basic activities and optional work activities as described in the Preliminary scope of the overhaul of the air production units (Annex 1.1). Scope will be updated during the negotiation procedure and the final optional works will be described in the final invitation to tender.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no
