Justification for direct award: Specific exclusions for service contracts

research university focusing exclusively on postgraduate, doctoral and post-doctoral studies, and advanced research. The EUI's Robert Schuman Centre for Advanced Studies (RSCAS) is an inter-disciplinary research centre established in 1992 with the aim to be involved in both basic and policy research, collaborate with other centres of excellence in Europe, provide opportunities for young scholars and promote dialogue with the world of practice. The RSCAS has extensive experience in the field of digitalisation as it is home of the Centre for a Digital Society. Its mission is to advise decision makers on addressing the challenges of digital transformation by delivering high-quality, independent, policy-oriented research. Under the Global Governance Programme, the RSCAS runs a project on cyber diplomacy and digital transformation in the Global South. The EUI also organises the EU Cyber Diplomacy Dialogue (ECDD), reflecting on the EU's role in this rapidly evolving environment.
