Direct award

:

Justification for direct award: The contract can be provided only by a particular economic operator because of protection of other exclusive rights, including intellectual property rights, other than those defined in Directive 2014/23/EU Art. 5(10)

Other justification: Nord – Fron kommune intends to enter into a contract with Ecura for the procurement of health services to a inhabitant with extensive assistance needs. The extent that the services are 212 hours per week and the contract will be signed for two -2-years. The terms of use that the exception for in the procurement regulations § 30-4 services for individual users are fulfilled. In this specific case it is not possible to hold a proper competition without giving out confidential information about the user. The user has complicated diagnoses and comprehensive help needs that cannot be described without giving in-depth and detailed health information about the user. Nord-Fron municipality's size also means that a description of the user can easily lead to identification. The municipality has only one inhabitant of this age and with this gender who has such extensive need for help. The mother is the user's guardian and has only given consent to release confidential health information to Ecura. Consequently, the municipality has been unable to hold a competition when it is not possible to provide sufficient general information on the services without uncovering the user's identity.
