Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Fireproofing Services

Reference number: 0142020

II.1.2. Main CPV code

75251110 Fire-prevention services

II.1.3.

Type of contract

Services

II.1.4. Short description

The sanitation and recycling department (Norwegian abbreviation: REG) shall enter into an agreement for statutory inspections and maintenance of fireproofing systems for REG's properties. The contracting authority also requests an option for the delivery of fire protection equipment and service paid by hours not included in the annual inspection and consultancy service.

The services include full control of existing fire engineering equipment, correction of malfunctions in existing systems, and the preparation of an annual inspection report.

The framework agreement includes inspections and repairs for sprinkler systems, fire-alarm systems, smoke hatches, handheld fire extinguishers, fire cells and water cannons.

Note: the original notice contained CPV codes for Fireproofing and Fire-prevention. Due to limitations in the system different CPV codes have been added.

II.1.5. Estimated total value

Value excluding VAT: 4 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: NO Norge

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Requirement:

- Tenderers must be a legally established company.

Documentation requirement:

- Norwegian companies: Company Registration Certificate
- Foreign tenderers: a verification showing that the tenderer is registered in a trade index or business register as prescribed by the law of the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Requirement:

- The tenderer must have the economic capacity to carry out the assignment/contract.

Documentation requirement:

- The company's last annual financial statements including notes, the board's annual report and audit report, as well as recent information of relevance to the company's fiscal numbers.
- The contracting authority retains the right to obtain a credit rating from Bisnode Credit, which will be used as a basis in the evaluation.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Requirement:

- Experience from similar assignments is required.
- Professional qualifications/certificates are required for the services.
- A good and well-functioning management system is required for quality assurance and environmental management for the services that are provided.

Documentation requirement:

- An overview of the most important assignments that the tenderer has carried out in the last 3 years, together with information on the contract value, date of delivery and the name of the recipient.
- Documentation on the tenderer's certifications/approvals regarding control and maintenance of all of the technical fire installations/devices included in the framework agreement. For

example, documentation that the tenderer is FG approved for control and maintenance, or equivalent documentation satisfies the documentation requirement. For example, as regards maintenance of sprinkler systems, the tenderer's documentation that they have personnel with 'blue' competence certificate issued by the or example vendor documentation that this holds personnel with 'blue' certificate of competence issued by the Council for maintenance of fire extinguishing materials will be satisfactory documentation. For example, as regards maintenance of hand held fire water hose reels, equivalent documentation that the tenderer has personnel with 'green' card, issued by the Council for maintenance of fire extinguishing materials, will be satisfactory documentation. The tenderer who can document sufficient competence in another manner will also be considered qualified.

- Description of environmental management measures and quality assurance measures. Tenderers can document that the requirement is fulfilled by presenting a copy of relevant environment certificates/environmental standards, such as ISO 14001, ISO 9001, EMAS, Miljøfyrtårn, or equivalent, or by the tenderer attaching a description of the company's own system and routines.
