II.1.4) Short description:

LHC has established an Architect Design Services Framework (ADS) in partnership with Southwark Council. This framework allows public sector organizations across London, with a broader scope, to deliver new homes as well as landscape design, commercial, industrial, social care and other requirements. The objective was to develop a framework appointing architects of all sizes and experience who will be committed to working with Southwark and any other contracting authorities in London to create good quality public sector design for the 2020s. The framework will have low financial thresholds to make it more accessible for smaller providers and various sub-lots for low-value fee work.
