

Denmark-Virum: Low- and medium-voltage cable
OJ S 133/2015 14/07/2015
Contract notice – utilities
Supplies

Directive 2004/17/EC

Section I: Contracting entity

I.1. Name and addresses

Official name: DONG Energy S&D A/S
Postal address: Teknikerbyen 25
Town: Virum
Postal code: 2830
Country: Denmark
For the attention of: Leif Skjoldborg Hansen
E-mail: lesha@dongenergy.dk
Telephone: +45 99555092
Fax: +45 72101011

Internet address(es):

General address of the contracting entity: www.dongenergy.dk

Additional information can be obtained from:

the abovementioned address

Specifications and additional documents (including documents for a dynamic purchasing system) can be obtained from: the abovementioned address

Tenders or requests to participate must be submitted: the abovementioned address

I.2. Main activity

Electricity

I.3. Contract award on behalf of other contracting entities

The contracting entity is purchasing on behalf of other contracting entities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting entity

Cables 2016+.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

NUTS code DK01 Hovedstaden

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with several operators

Maximum number Envisaged maximum number of participants to the framework agreement
: 2

Duration of the framework agreement

Duration in years: 4

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT: 150 000 000 DKK

II.1.5. Short description of the contract or purchase(s)

The tender is for 1 kV-72,5 kV Cables to be used in DONG Energy's distribution area in Copenhagen and North Zealand, Denmark. Following packages are tendered.

Package 1:

- 1 kV copper cables. 1-core flexible copper cables 95-240 mm², 4-core copper cables 6-16 mm² and some multi-core 1,5-2,5 mm² copper cables to be used in street lighting and internally in substations. Cables will be used indoor and outdoor, installed in pipes and ground. Most cables will be installed in the ground except the flexible cables that will not be used in the ground,
- 1 kV aluminium cables. 4-core aluminium cables 150-240 mm². Cables will be used indoor and outdoor, installed in pipes and ground. Most cables will be installed in the ground,
- 12-36 kV cables. 1-core 12 kV copper and aluminium cables, 3-core 12 kV aluminium LT (Longitudinally Watertight), 1-core 36 kV aluminium LT cables. 12-36 kV cables are used in resonant earthed and isolated systems.

Package 2:

- 72,5 kV Cable: 1-core copper and aluminium cable. Cables will be used indoor and outdoor, installed in pipes and ground. Most cables will be installed in the ground.

II.1.6. CPV code(s)

31321200 Low- and medium-voltage cable, 31321220 Medium-voltage cable, 31321300 High-voltage cable, 31320000 Power distribution cables

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: no

II.1.8. Information about lots

This contract is divided into lots: yes
Tenders may be submitted for all lots

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

This is a tender for a frame agreement for 1 kV-72,5 kV cables. Contract duration will be 4 years with an optional on 1 additional year. DONG Energy reserves the right to split the contract between 1 or 2 suppliers.

Estimated value excluding VAT: 150 000 000 DKK

II.2.2. Information about options

Options: yes
Description of options: One year optional period.

II.2.3. Information about renewals

This contract is subject to renewal: yes

Number of possible renewals: 1

In the case of renewable contracts, estimated time-frame for subsequent calls for competition:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Duration in months: 48 (from the award of the contract)

Information about lots

Lot No: 1

Lot title: Low and medium voltage cables (Package 1)

1) Short description

Package 1:

- 1 kV copper cables. 1-core flexible copper cables 95-240 mm², 4-core copper cables 6-16 mm² and some multi-core 1,5-2,5 mm² copper cables to be used in street lighting and internally in substations. Cables will be used indoor and outdoor, installed in pipes and ground. Most cables will be installed in the ground except the flexible cables that will not be used in the ground,
- 1 kV aluminium cables. 4-core aluminium cables 150-240 mm². Cables will be used indoor and outdoor, installed in pipes and ground. Most cables will be installed in the ground,
- 12-36 kV cables. 1-core 12 kV copper and aluminium cables, 3-core 12 kV aluminium LT (Longitudinally Watertight), 1-core 36 kV aluminium LT cables. 12-36 kV cables are used in resonant earthed and isolated systems.

2) CPV code(s)

31321200 Low- and medium-voltage cable, 31321220 Medium-voltage cable, 31320000 Power distribution cables

3) Quantity or scope

Estimated value excluding VAT: 125 000 000 DKK

4) Indication about different time frame or duration

Duration in months: 48 (from the award of the contract)

Lot No: 2

Lot title: 72,5 kV Cables (Package 2)

1) Short description

Package 2:

- 72,5 kV Cable: 1-core copper and aluminium cable. Cables will be used indoor and outdoor, installed in pipes and ground. Most cables will be installed in the ground.

2) CPV code(s)

31321300 High-voltage cable, 31320000 Power distribution cables

3) Quantity or scope

Estimated value excluding VAT: 25 000 000 DKK

4) Indication about different time frame or duration

Duration in months: 48 (from the award of the contract)

Section III: Legal, economic, financial and technical information

- The Manufacturer of 12KV cables should include documentation of long-term tests conducted under VDE276-605/A3 § 5 or HD 605-S2 -2008 on representative samples. The results for these test shall be attached the application.

Package 2:

Special requirements for qualification for Package 2, the Applicant must state explicitly the wish to be qualified for Package 2, and in addition to above requirements the applicant must fulfil below requirements:

- The applicant must confirm that the applicant can produce 72,5 kV PEX-cables where the outer protection sheath, is provided with a layer of extruded semiconducting PE material of a different colour and describe how;
- The applicant can be prequalified to submit a tender for a cable with following screen types: Stranded copper wire screen, stranded aluminium wire screen and aluminium foil screen. For

each of the screentypes, that the applicant wants to be prequalified for, the applicant must include two type tests of a PEXcable of min 72,5 kV cable. Type test must be according to IEC 60840 or IEC 62067.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

III.3.2. Information about staff responsible for the performance of the contract

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures): no

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of the criteria stated in the specifications or in the invitation to tender or to negotiate

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting entity

Cables 2016+

IV.3.2. Previous publication concerning this procedure

no

IV.3.3. Conditions for obtaining specifications and additional documents

(except for a DPS)

Payable documents: no

IV.3.4. Time limit for receipt of tenders or requests to participate

14.8.2015 - 13:00

IV.3.5. Languages in which tenders or requests to participate may be submitted

Danish. English.

IV.3.6. Minimum time frame during which the tenderer must maintain the tender

IV.3.7. Conditions for opening of tenders

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no
