Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Procurement 2015 — Laboratory 2 Volda Hospital.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Volda, Norway.

NUTS code NO053 Møre og Romsdal

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The tender applies to the procurement of one x-ray laboratory with adapted generator and work station to Volda Hospital

Otherwise, the delivery must be inclusive of all components/accessories, assembly/installation and commissioning so that it functions as a whole based on the needs and requirements described.

Provision of the required training for all personnel who work in the affected units must be included.

The tender also covers the provision of services — and maintenance agreements where it will be important to clarify the need for service — and maintenance, and to clarify the annual operating costs expected after the warranty expires. Additionally, relevant technical courses. Note that the qualification questions (in the CTM) are in some connections based on a function and performance descriptions as a specification method. It is therefore the tenderers' responsibility to submit specific and detailed tenders that cover the hospital's requests and requirements in an adequate and complete manner.
