2. Procedure

2.1. Procedure

Title: Consultancy services for content design and development of the Norwegian Food Safety Authority's digital services.

Description: The aim of the procurement is to strengthen the Norwegian Food Safety Authority's development department with a content designer with CMS competency. The designer will join a support team who work with content design and development of the Norwegian Food Safety Authority's digital services, including the entity's website. The procurement shall cover the need for competency and increased capacity within development, structuring and management of user orientated content in the Norwegian Food Safety Authority's digital systems. The company does not currently have sufficient internal resources to fully fulfill this need. The team works multi-disciplinary and flexible, and works closely with development teams, professional environments, communication department, information security, architecture and other IT-resources. The team have a facilitation role for several teams in the organisation, and contribute with competence, structure and consulting within content design, content structure and publication systems. The contract will be valid until the end of 2026, with an option for an extension for a further 1 year, 6 months at a time. The consultant must be able to work 100% at the Norwegian Food Safety Authority during the contract period.

Procedure identifier: 375f1fb0-a8c0-448a-ac19-869b994f8009
