Main features of the procedure: The procurement will follow the procedure for negotiated procedure, in accordance with PPR part I and III. If several qualified tenderers submit requests for participation in the competition, the contracting authority will choose among these tenderers on the basis of the selection criteria listed below in point 5. All invited tenderers will have their tenders evaluated. Following the negotiations, for one or several rounds and any updated tenders, the final evaluation of the tenders will be made and the contract will be awarded.
