The Private Infrastructure Development Group (PIDG), is a multi-donor platform that aims at helping to increase the level of private sector investment in the infrastructure of developing countries in order to accelerate growth and contribute to the elimination of poverty.

As part of PIDG's monitoring and evaluation of its activities, the PIDG Trust commissions (on behalf of the PIDG Members) regular independent progress reviews and evaluations of the performance of each of the PIDG Facilities. This enables the PIDG Members to assess the success (or otherwise) of the Facilities' activities and whether any changes are required to the structure, operations and objectives of the Facility.

The PIDG Trust wishes to commission a consultant (the 'Consultant') to undertake the first independent progress review of InfraCo Asia Development Pte. Ltd (the 'Progress Review'). The Progress Review must cover all of IAD's activities from inception (in 2010) to 30.6.2014. The Progress Review will not only include an assessment of IAD's operations, but will also assess IAD's governance structure, strategic direction(s), operating policies and procedures and other policies and procedures, as well as the services provided by NexifIM (the current project developers of IAD). The Progress Review must address key questions and issues, which incorporate the OECD's DAC's Evaluation Criteria for the strategic relevance, effectiveness, efficiency, impact and sustainability of the facility.
