Sources of selection criteria: European Single Procurement Document (ESPD), Notice

Criterion: Enrolment in a trade register

Description of selection criterion: Requirement: Tenderers shall document that the company is legally established and registered in a company register or a commerce register in the member state in which the tenderer is established. Documentation requirement: Tenderers shall document this by presenting documentation that shows that the tenderer is registered in a trade register, trade register or other company register as prescribed by the law of the country where the tenderer is established, for example the Brønnøysund Register Centre. National tenderers substantiate that the requirement is met by using eBevis. It is, therefore, not necessary for national tenderers to upload further documentation.

Criterion: Other economic or financial requirements

Description of selection criterion: Requirement: Tenderers must have their tax, payroll tax and VAT payments in order. Tenderers must not have significant arrears. Documentation requirement: The certificate must not be more than six months old. The certificate must not be older than six months calculated from the deadline for receipt of tenders. Tenderers from other EEA countries, countries included in the GPA contract or a free trade agreement with EFTA /Norway shall enclose equivalent certificates or other statutory documentation from equivalent authorities in the country where the tenderer has its headquarters. National tenderers substantiate that the requirement is met by using eBevis. It is, therefore, not necessary for national tenderers to upload further documentation. Tenderers must, after the tender deadline, give authority in Altinn, cf. point 1.3.5.

Criterion: Other economic or financial requirements

Description of selection criterion: Requirement: The tenderer shall have sufficient economic and financial capacity to be able to fulfil the contract. Credit rating equivalent to A or better, measured against the AAA Soliditet's scale - or equivalent score. Documentation requirement: Credit rating based on the most recent financial figures. The rating shall be carried out by a credit rating company with licence to conduct this service. If a tenderer has a justifiable reason for not submitting the documentation that the contracting authority has required, he can document his economic and financial capacity by presenting any other document of relevance to the company's fiscal figures/economy and which the contracting authority deems suitable. Tenderers shall justify why they cannot submit the documentation that the contracting authority has required.

Criterion: References on specified deliveries

Description of selection criterion: Requirement: Tenderers shall have sufficient experience of a relevant nature and degree of difficulty from equivalent assignments. By equivalent, we mean the delivery of the same scope to the contracting authority of approximately the same size as this contract. Documentation: Tenderers shall document experience by presenting a minimum of three reference assignments from the last five years calculated from the tender deadline. Assignments that have started more than five years ago and completed less than five years ago are approved. The documentation shall include: Name of the contracting authority The assignment's value The assignment's date (etc. Description of the assignment Relevance to this contract Tenderers who are newly established or cannot, due to other reasons, present references, must substantiate in another way that the tenderer has sufficient experience of a relevant nature and degree of difficulty to fulfil the contract.

Criterion: Security of supply

Description of selection criterion: Requirement: The tenderer shall have access to stable and substantiated procurement channels for products included in the contract. Documentation: Tenderers shall give a general description of their procurement model, including cooperation with manufacturers and/or certified distributors. The description shall demonstrate that the tenderer has access to stable deliveries and predictable procurement terms. The contracting authority can request a more detailed account if the description does not adequately document stable and predictable procurement channels.

Criterion: Measures for ensuring quality

Description of selection criterion: Requirement: The tenderer shall have a quality assurance system suitable for the delivery's complexity, risk and aim. The following objectives shall be achieved: Ensure stable and predictable deliveries in accordance with the agreed product profiles. ensure delivery as regards time, volume and delivery location.
