VI.3.2. Review procedure

Precise information on deadline(s) for review procedures: NEP has incorporated a standstill period at the point that information on the award of the contract was communicated to tenderers. That notification provided full information on the award decision. A standstill period, which is for a minimum of 10 calendar days, provided time for unsuccessful tenderers to challenge the award decision before the contract was entered into. The Public Contracts Regulations 2006 (SI 2006 No5) provided for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).
