II.1. Description**II.1.1. Title**

Managed Print Services.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 7: Computer and related services

NUTS code UKJ24 West Sussex

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)**II.1.4. Short description of the contract or purchase(s)**

IT services: consulting, software development, internet and support. Gatwick Airport is seeking a provider of Managed Print Services to replace the existing legacy system and devices which have reached the end of their useful life. It is expected that the supplier will undertake a review

of the current fleet of devices (e.g. printers/MFDs) and identify those which can be retained whilst providing replacement devices on a managed service basis (which may equate to replacing the entire estate). It is intended that the new service will provide modern functionality and reduce operating costs by incorporating more efficient technology. It is the intention that support, maintenance and replacement of consumables will be fully undertaken by the supplier for all printing devices.

II.1.5. CPV code(s)

72000000 IT services: consulting, software development, Internet and support

no

VI.2. Additional information

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement and the contract will be awarded on the basis of the most economically advantageous tender.

Although the contracting entity does not regard itself bound by Directive 2004/17 or the Utilities Contract Regulations 2006, it has decided to place this advertisement in the OJEU on a voluntary basis. While the contracting entity is basing this tender process on the negotiated procedure provided for in the Regulations, it does not regard itself as bound by that procedure and may depart from the procedure as provided for in the Regulations at any time.
