Environment

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

GIS, Cartography and Design Services

Reference number: 00082023GRIDA (2)

II.1.2. Main CPV code

98300000 Miscellaneous services

II.1.3. Type of contract

Services

II.1.4. Short description

GRID-Arendal works on a wide range of projects transforming complex scientific and environmental information into easily understandable and visually compelling maps and graphics. These maps and graphics are designed to allow decision and policy makers to understand issues and motivate action that will lead to positive environmental outcomes. The successful applicant will supplement our internal capacity in GIS, cartography and design, to help us deliver our high-quality outputs.

GRID-Arendal is seeking to sign a framework agreement with one or more suppliers for GIS, cartography and design services.

II.1.5. Estimated total value

Value excluding VAT: 2 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.3. Place of performance

NUTS code: NO Norge

II.2.4. Description of the procurement

GRID-Arendal is seeking to sign a framework agreement with one or more suppliers for GIS, cartography and design services as outlined below:

- Synthesis and analysis information from a range of sources including scientific publications, reports, GIS data, remote sensing data and online databases and prepare for use in maps and graphics.
- Produces static maps that communicate scientific information and trends to a non-expert audience for print and digital consumption.
- Develop graphics and infographics that simplify complex information and concepts for a non-expert audience.
- Produce interactive maps and infographics to display spatial data and other relevant information.
- Communicate with project managers and translate their requirements into visually compelling maps and graphics.
- Develop and work with style guides to ensure consistent visual standards for within and across publications.
- Experience with Adobe creative suit, GIS and other industry standard software for design and graphics.

In case of multiple applicants being selected for this Framework, applicants will be ranked based on the evaluation.
