### 2.1. Procedure

Title: Acquisition, Development, Hosting and Support of the EuroHPC JU Access Calls Peer-Review Platform

Description: EuroHPC JU implements an international peer-review process for the distribution of the Union's share on the access time to EuroHPC JU infrastructure. This is a process that ensures open, fair, and unbiased access to EuroHPC supercomputers, AI Factories and Quantum Computers. In this line, the EuroHPC JU wishes to procure and evolve its own private platform, tailor-made for the requirements, the specific processes and peer-review workflows implemented for the Joint Undertaking. EuroHPC JU is seeking to procure supply and establish the service for at least a period of 3 years, due to the importance of the peer-review process and the complexity to migrate and operate a completely new platform.

EuroHPC would like to keep the possibility of renewing the contract two times, yearly, for a maximum duration of 5 years, in case the JU considers the services provided satisfactory.
