Water

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Framework agreement for locks and fittings, with associated services.

Reference number: 81/2017

II.1.2. Main CPV code

98395000 Locksmith services

II.1.3. Type of contract

Services

II.1.4. Short description

An equivalent competition was previously announced with doffin reference 2017-061834, but this competition was cancelled. This is a notice for a new competition, with the same procurement number as the previous competition. Some qualification requirements have been changed.

VAV is not able to carry out the work on locks and fittings internally, and the need will be covered through a framework agreement with one tenderer who can design, deliver and install

locks and fitting to locations within Oslo's boundaries. The tenderer shall also carry out servicing and emergency response as needed. The primary need is for installation on new doors, but in some locations it may be necessary to replace older locks and fittings. The selected tenderer must expect that the work with installing of locks and fittings must be coordinated with an executing contractor who shall carry out the technical building measures on the sites where locks and fittings are to be installed.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Value excluding VAT: 20 000 000,00 NOK

II.2. Description

II.2.2. Additional CPV code(s)

44523200 Mountings, 44520000 Locks, keys and hinges

II.2.3. Place of performance

NUTS code: NO Norge

Main site or place of performance: Oslo.

II.2.4. Description of the procurement

The works are a necessary step in the realisation of the project for implementation of security initiative, connected to [VAV's] the Water and Sewage Authority's objectives within water supply.

VAV is not able to carry out the works internally, and the need will be covered through a framework agreement with one tenderer who can design, deliver and install locks and fitting to locations within Oslo's boundaries. The tenderer shall also carry out servicing and emergency response as needed. The primary need is for installation on new doors, but in some locations it may be necessary to replace older locks and fittings. The selected tenderer must expect that the work with installing of locks and fittings must be coordinated with an executing contractor who shall carry out the technical building measures on the sites where locks and fittings are to be installed.

The framework agreement shall have a duration of 4 years with an option on a further 2 years + 2 years. The tenderer must expect that a majority of the use on the framework agreement will be in 2018/2019. The framework agreement shall primarily be used in object security projects, but can also be used in projects where there is equivalent for security measures. A security contract will be signed with the qualified tenderers, and personnel that have access to classified information in order to prepare tender offers must be authorised prior to such access being granted. Personnel that carry out the works on objects deemed worthy of protection, must also gain authorisation and any security clearance in accordance with the Security Act.

II.2.5. Award criteria

Quality criterion - Name: Quality / Weighting: 60

Price - Weighting: 40

II.2.11. Information about options

Options: yes

Description of options:
