National or federal agency/office

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description**II.1.1. Title attributed to the contract by the contracting authority**

Procurement of services connected to severe pollution.

II.1.2. Type of contract and place of performance or delivery

Services

Service category No 12: Architectural services; engineering services and integrated engineering services; urban planning and landscape engineering services; related scientific and technical consulting services; technical testing and analysis services

Main site or place of performance: Ålesund.
NUTS code NO Norge

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 2

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT:

Range: between 1 000 000 and 8 000 000 NOK

Frequency and value of the contracts to be awarded: The value of the framework agreement depends on whether or not major events occur. Also refer to the tender documentation.

II.1.5. Short description of the contract or purchase(s)

The Norwegian Coastal Administration needs to have a framework agreement on laboratory services, sampling equipment for oil, and guidance/consultancy services in relation to events and projects connected with severe pollution. In addition, there may be a need for education on severe pollution, training in laboratory tests and assistance with tests. There may also be a need for participation in activities such as academic forums and exercises.

II.1.6. CPV code(s)

90741000 Services related to oil pollution, 90741100 Oil spillage monitoring services, 90741200 Oil spillage control services, 90741300 Oil spillage rehabilitation services, 90715100 Chemicals and oil pollution investigation services, 71600000 Technical testing, analysis and consultancy services, 71631420 Maritime safety inspection services, 71632000 Technical testing services

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

The scope of the framework agreement is:

1. Laboratory services for oil/oil products and other severe pollution;
2. Sampling equipment for oil, primarily from sea and beach;
3. Guidance/consultancy services in relation to events and projects in connection with severe pollution;
4. Education on severe pollution, training in laboratory tests and assistance with tests;
5. Participation in activities such as academic forums and exercises.

The quantity of call-offs varies largely depending on the number of severe events per year. It is anticipated that there may be a need for various services connected with minor projects that involve the area of severe pollution. For further information see the tender documentation.

Estimated value excluding VAT:

Range: between 1 000 000 and 8 000 000 NOK

II.2.2. Information about options

Options: yes

Description of options: The framework agreement can be extended, see II.2.3) below.

This contract is subject to renewal: yes

Number of possible renewals: 2

In the case of renewable supplies or service contracts, estimated timeframe for subsequent contracts:

in months: 12 (from the award of the contract)

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

See the tender documentation.

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

See the tender documentation.

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

See the tender documentation.

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: The tenderer is required to have a legally established company.

Documentation requirement: Business Registration Certificate or equivalent from the applicant's homeland.

Foreign tenderers should preferably deliver equivalent certificates in Norwegian.

Documentation in English, Swedish or Danish is accepted.

III.2.2. Economic and financial ability

List and brief description of conditions: Tenderers are required to be credit worthy.

Minimum level(s) of standards possibly required: Credit assessment from an organisation licensed by the Data Protection Authority (Datatilsynet) to conduct credit assessment operations. The assessment must be based on the last known fiscal figures with an indication of how the credit rating has evolved during the past 2 years. If the tenderer has any valid reasons for not being able to provide the documentation requested by the Contracting

Authority, the supplier may prove the financial position with any other document that is acceptable to the Contracting Authority. The supplier must make written contact with the Contracting Authority, in advance, in order to clarify which other documentation is acceptable.

III.2.3. Technical and professional ability

List and brief description of conditions:

Experience from equivalent or relevant assignments/deliveries of the same scope, nature and complexity is required.

Minimum level(s) of standards possibly required:

A reference list of the company's 5 most important relevant deliveries over the last 3 years must be included with the tender, including their values, relevance, dates and recipients. The references will be checked if necessary. The references must be entered on the attached Annex 1 in tender documentation part I.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

Execution of the service is reserved to a particular profession: no

III.3.2. Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract: yes

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue
