Sufficient experience means that the tenderer, across the submitted reference assignments combined, can document experience from all of the following professional areas: • Service and maintenance of ventilation in buildings that are completely or partly in operation New installations and

replacement works for ventilation installations in buildings that are completely or partly in operation. • Installation/adjustment of ventilation installations. A single reference assignment is not required to cover all three areas. It is sufficient that the submitted reference projects together document experience from all of the listed disciplines. In addition at least one of the submitted reference assignments shall show that the tenderer has coordinated ventilation work in more than three (3) buildings for the same customer or contracting authority.
