#### 2.1. Procedure

Title: 81321244-Services et vulgarisation de la norme ISO 56000 du management de l'innovation pour l'industrie en Côte d'Ivoire

Description: The project Promotion of Economic Reforms and Investments in Côte d'Ivoire (ProREI), commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ) and implemented by GIZ in partnership with the Ministry of Trade and Industry (MCI), supports the structural transformation of the Ivorian economy. Building on Côte d'Ivoire's strong economic performance in recent years, the project seeks to create a more inclusive and sustainable growth model by strengthening the business environment, facilitating access to finance, and fostering innovation and private sector investment. ProREI is structured around three pillars: (i). Strengthening the capacities of public actors to implement reforms, (ii). Improving public-private dialogue and access to services and finance for micro, small and medium-sized enterprises (MSMEs), (iii) Creating enabling spaces for green, social and digital innovation. Within the framework of the third pillar, the project promotes innovation as a driver of competitiveness, productivity, and sustainable job creation.

## 5. Lot

---

### 5.1. Lot: LOT-0001

Title: 81321244-Services et vulgarisation de la norme ISO 56000 du management de l'innovation pour l'industrie en Côte d'Ivoire

Description: This call for tenders concerns the recruitment of a consulting firm to design and implement activities for the promotion and operationalization of the ISO 56000 innovation management system standard in Côte d'Ivoire's industrial sector. The contract is part of the ProREI project implemented by GIZ in collaboration with the Ministry of Trade and Industry (MCI). The main objective is to raise awareness, train, and support industrial companies in adopting ISO 56000/56001 standards to strengthen their innovation capacity and competitiveness in the market. The assignment will last 12 months and will be implemented in several regions of Côte d'Ivoire, including Abidjan, Bouaké, San Pedro, Yamoussoukro and Korhogo. The services are divided into three phases: - Phase 1 - Preparation and Training of Trainers: Development of awareness and training materials on ISO 56000, definition of selection criteria for pilot enterprises and trainers, and delivery of a pilot training session for about 10 trainers. These trainers, in partnership with CODINORM and other public/private actors, will help ensure long-term capacity building and sustainability. - Phase 2 - Awareness-Raising Sessions: Organization of interactive sessions in several localities to familiarize about 15-20 industrial enterprises and relevant public institutions with the ISO 56000 principles, requirements and benefits. Each session will bring together approximately 30-35 participants per city. - Phase 3 - Pilot Implementation in Industrial Companies: Selection of 10 pilot industrial companies, diagnosis of their needs, adaptation of training modules, and delivery of targeted training sessions. The consulting firm will provide coaching and hands-on support for the implementation of ISO 56001 within these firms, establish innovation management structures, and develop a monitoring system for sustainable follow-up. Deliverables will include training and communication materials; diagnostic reports for the 10 pilot companies; documentation of awareness sessions and training; a monitoring system for the Ministry of Trade and Industry; and a final report with recommendations for scaling up the approach. Overall, this call for tenders seeks a qualified and experienced consulting firm capable of promoting innovation management in Côte d'Ivoire's industrial ecosystem through the adoption of ISO 56000, thereby contributing to sustainable economic transformation, enhanced competitiveness, and inclusive growth.

Category of award threshold criterion: Minimum score

Award criterion number: 500

#### 5.1.15. Techniques

**Framework agreement:**

No framework agreement

**Information about the dynamic purchasing system:**

No dynamic purchase system

#### 5.1.16. Further information, mediation and review

Review organisation: Vergabekammern des Bundes

Information about review deadlines: According to Article 160, Section 3 of the German Act Against Restraint of Competition (GWB), application for review is not permissible insofar as 1. the applicant has identified the claimed infringement of the procurement rules before submitting the application for review and has not submitted a complaint to the contracting authority within a period of 10 calendar days; the expiry of the period pursuant to Article 134, Section 2 remains unaffected, 2. complaints of infringements of procurement rules that are evident in the tender notice are not submitted to the contracting authority at the latest by the expiry of the deadline for the application or by the deadline for the submission of bids, specified in the tender notice. 3. complaints of infringements of procurement rules that first become evident in the tender documents are not submitted to the contracting authority at the latest by the expiry of the deadline for application or by the deadline for the submission of bids, 4. more than 15 calendar days have expired since receipt of notification from the contracting authority that it is unwilling to redress the complaint. Sentence 1 does not apply in the case of an application to determine the invalidity of the contract in accordance with Article 135, Section 1 (2). Article 134, Section 1, Sentence 2 remains unaffected.
