I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

D001 Sheet pile works for New Deichmanske main library.

II.1.2. Type of contract and place of performance or delivery

Works

Realisation, by whatever means of work, corresponding to the requirements specified by the contracting authorities

Main site or place of performance: Oslo, Norway.

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system

The notice involves a public contract

II.1.4. Information about framework agreement

II.1.5. Short description of the contract or purchase(s)

The objective of this procurement is to enter into an agreement with contractor for execution of contract D001 Sheet pile works. The site is to be released from 1.12.2013 in accordance with agreement with the Norwegian Public Roads Administration and in accordance with main phase plans for the development of Bjørvika.

In order to get started as soon as possible after the site is released 1.12.2013, the Awarding Authority has decided to initiate a separate sheet pile contract. This gives more time for detailed engineering design and contracting of the Foundation and carcass contract.

D001 Sheet pile works is a condition for subsequent contracts and the realisation of New Deichmanske main library. The contract includes sheet pile works in the border area of the building and the sheet piles shall be lead down to approx. contour -17.

The site shall also be excavated to contour 0. The contract is in accordance with the City Council Decision dated 06.03.2013. The site is centrally situated in Bjørvika, north east of the Opera and south east of Hotel Opera, directly facing the large city space named Operaallmenningen.

The construction site is restricted to the streets Dronning Eufemiasgate and Operagata. These streets are located on approx. contour 2-2, 5. The excavation datum line for the basement varies from contour -4, 35 to -5, 35. The objective of the sheet pile works is to create a sealed building pit without penetration of seawater and is simultaneously a necessity to maintain the traffic in the surrounding streets.

NOTE: To register your interest in this notice and obtain any additional information please visit the Doffin Web Site at http://www.doffin.no/Search/Search_Switch.aspx?ID=301925

II.1.6. CPV code(s)

45000000 Construction work, 45100000 Site preparation work, 45111230 Ground-stabilisation work, 45212330 Library construction work, 45111000 Demolition, site preparation and clearance work
