

Norway-Trondheim: Construction work
OJ S 117/2018 21/06/2018
Contract award notice – utilities
Works

Legal Basis:

Directive 2014/25/EU

Section I: Contracting entity

I.1. Name and addresses

Official name: Trondheim Havn

National registration number: 945 510 552

Postal address: PB 1234 Torgard

Town: Trondheim

NUTS code: NO061 Sør-Trøndelag

Postal code: 7462

Country: Norway

Contact person: Eskil Pedersen

E-mail: pedersen@trondheim.havn.no

Telephone: +47 90133315

Internet address(es):

Main address: www.trondheimhavn.no

Address of the buyer profile: <https://kgv.doffin.no/ctm/Company/CompanyInformation/Index/3366>

I.6. Main activity

Port-related activities

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Pre-qualification — Site for shipping lime products, Verdal

Reference number: 17/00121

II.1.2. Main CPV code

45000000 Construction work

II.1.3. Type of contract

Works

II.1.4. Short description

The project will consist of the construction of a new quay with dredging off the quay, shortening or possibly changing a breakwater to the west of the quay, development of a jetty around the filling to the south of the site and the development of the harbour area inside the quay, with the necessary technical infrastructure and roads.

II.1.6. Information about lots

This contract is divided into lots: no

II.1.7. Total value of the procurement

Lowest offer: 99 781 000,00 NOK / Highest offer: 157 636 375,00 NOK taken into consideration

II.2. Description

II.2.2. Additional CPV code(s)

45000000 Construction work

II.2.3. Place of performance

NUTS code: NO062 Nord-Trøndelag

Main site or place of performance: Verdal, Norway.

II.2.4. Description of the procurement

The project will consist of the construction of a new quay with dredging off the quay, shortening or possibly changing a breakwater to the west of the quay, development of a jetty around the filling to the south of the site and the development of the harbour area inside the quay, with the necessary technical infrastructure and roads.

The project includes the following work:

- Matter removal, both by suction/cutter dredging and flushing the matter inside the stone jetty. If not all of the dredged matter is suitable for suction/cutter dredging, other dredging methods will have to be used. The actual dredging depths will be approx. contour line -15 to contour line - 17. The amount of dredging will be approx. 100 000 solid m³,
- Stone jetty around the areas that shall be filled in. The length of the stone jetty will be approx. 400 m,
- Establishment and development of a new harbour area on land behind the quay, approx. 26 000 m²,
- Pitching against wave and propeller erosion. This applies to both the filling and dredging slopes. The pitching area can be up to approx. 15 000 m². It is assumed that the existing pitching stones will be re-used,
- Pile driving steel pipe piles for foundations for the quay and duc d'albe,
- Construction of the quay and concrete friction plates. Friction plates are to be established for both the quay and duc d'albe. The quay shall be dimensioned for placing ship loads with an extendable telescopic conveyor belt,
- Construction of bollards on land for anchoring and shifting ships. The bollards will have to have 100-150 tons capacity,
- Removal of parts of the existing breakwater and construction of a new end to the breakwater,
- Construction of a road and a new filling,
- Establishment of the necessary infrastructure for the quay and the area, including electricity, tele and water and sewage,
- Delivery and assembly of various equipment for the quay and rear area.

II.2.5. Award criteria

Quality criterion - Name: Functionality, environmental qualities, HSE, technical qualities and innovative solutions. / Weighting: 30

Quality criterion - Name: Implementation plan for the project's different phases. / Weighting: 20

Price - Weighting: 50

II.2.11. Information about options

Options: yes

Description of options:

- 1) Extra deep compression;

- 2) Transportation of dredged matter;
- 3) Various change/additional work.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information
