Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 50

Criterion:

Type: Quality

Description: In this assignment, the contracting authority has chosen to set climate and environmental requirements in the requirement specifications instead of having climate and environmental considerations as the award criteria. In addition, the requirements are at a high level compared to what is rationally possible to achieve for this assignment, and the requirements deal with many of the most central conditions as where it is relevant to set requirements for climate and environmental considerations. It is considered that this will give a clearly better climate and environmental effect, cf. The Public Procurement Regulations § 7-9 fourth section.
