I.2. Information about joint procurement

The contract involves joint procurement

The contract is awarded by a central purchasing body

I.3. Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at: http://eu.eu-supply.com/app/rfq/rwlenrance_s.asp?PID=302211&B=KGVLIGHT

Additional information can be obtained from the abovementioned address

Tenders or requests to participate must be submitted electronically via: http://eu.eu-supply.com/app/rfq/rwlenrance_s.asp?PID=302211&B=KGVLIGHT

Tenders or requests to participate must be submitted to the abovementioned address

I.4. Type of the contracting authority

Regional or local authority

I.5. Main activity

General public services

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Framework Agreement for Consultancy Services, Geo Assistance (1)

Reference number: 21/01174

II.1.2. Main CPV code

71332000 Geotechnical engineering services

II.1.3. Type of contract

Services

II.1.4. Short description

The objective of the procurement is to enter into framework agreements in order to cover the contracting authority's need consultancy services within geo assistance. The contracting authority needs assistance with geotechnical advice and engineering design services, independent inspections (pbl) of engineering design services, and independent quality assurance of avalanche and landslide safety reviews.

Geo assistance means advice and engineering design services in the following disciplines:

- geotechnics,
- engineer geology — mountain.

The framework agreement will also include general geo assistance. This includes, amongst other things, professional discussions and advice, which is not necessarily reported.

The contracting authority will, as a starting point, make separate procurements of ground surveys, but in cases where progress and capacity is critical, ground surveys and laboratory services can also be procured under this framework agreement.

For further information about the procurement's content, please see Part II of Annex 1 in contracting authority's requirement specifications.

II.1.5. Estimated total value

Value excluding VAT: 24 000 000,00 NOK

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

71300000 Engineering services, 71310000 Consultative engineering and construction services , 71311000 Civil engineering consultancy services, 71313000 Environmental engineering

consultancy services, 71318000 Advisory and consultative engineering services, 71320000 Engineering design services, 71330000 Miscellaneous engineering services, 71351200 Geological and geophysical consultancy services

II.2.3. Place of performance

NUTS code: NO091 Vestfold og Telemark

Main site or place of performance: Grenland, NORWAY.

II.2.4. Description of the procurement

The objective of the procurement is to enter into framework agreements in order to cover the contracting authority's need consultancy services within geo assistance. The contracting authority needs assistance with geotechnical advice and engineering design services, independent inspections (pbl) of engineering design services, and independent quality assurance of avalanche and landslide safety reviews.

Geo assistance means advice and engineering design services in the following disciplines:

- geotechnics,
- engineer geology — mountain.

The framework agreement will also include general geo assistance. This includes, amongst other things, professional discussions and advice, which is not necessarily reported.

The contracting authority will, as a starting point, make separate procurements of ground surveys, but in cases where progress and capacity is critical, ground surveys and laboratory services can also be procured under this framework agreement.

For further information about the procurement's content, please see Part II of Annex 1 in contracting authority's requirement specifications.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 24 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 24

This contract is subject to renewal: yes

Description of renewals:

The contracting authority will also have an option to extend for 1 year + 1 year. Triggering of options to extend the contract must be notified at the latest 3 months prior to the expiry of the contract period. The contracting authority can also extend the contract for a period shorter than 1 year.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

In addition to the contracting authorities listed in the tender documentation part 1 point 1.2 the 16 municipal/inter municipal companies have an option to join the contract. The companies will each have the opportunity to join the contract with written notice to the supplier during the contract period including options for extension. The companies must have the same price and contract terms as the contracting authorities.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers must be a legally established company.

Declared in the tender letter, part I annex 1.

To be documented upon request:

- Norwegian companies: Company registration certificate
- Foreign companies: Proof that the company is registered in a trade or business register as prescribed by the law of the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient financial capacity to fulfil the contract.

To be given in the ESPD

To be documented upon request:

- credit evaluation/rating, not older than 3 months, and which is based on the last known fiscal figures. The rating must be carried out by an officially certified credit rating institution. If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can prove his economic and financial position by presenting a declaration from a financial institution on surety.
- annual accounting for the last fiscal year.

Documentation must be linked to the unit by the organisation number that is to be the possible contracted party for the tender, as well as any other resources that will contribute significantly in a possible competition.

Minimum level(s) of standards possibly required:

Tenderers must have sufficient financial capacity to fulfil the contract.

- annual accounting for the last fiscal year

Documentation must be linked to the unit by the organisation number that is to be the possible contracted party for the tender, as well as any other resources that will contribute significantly in a possible competition.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

Tenderers must state their combined capacity available during this framework agreement, as well as document their average workforce and the number of employees in the administrative management. Tenderers must verify that they have minimum 1 geotechnical engineering consultant available for call-offs under this contract.

To be given in the ESPD

To be documented upon request:

- a description of the requested capacity.
- an overview of the tenderer's work force.
- confirmation of available geotechnics consultant

The tenderer must have the required technical and professional qualifications within geotechnics and engineering geology to be able to carry out the requested services.

Tenderers must have carried out contracts of a similar nature, complexity/degree of difficulty and scope/size as requested in this contract. Experience with a project in quick clay is required.

To be given in the ESPD

Documented upon request:

The tenderer's three primary relevant works during the last 3 years, including value, date and contracting authority with contact information.

Annex 5 can be used.

Section IV: Procedure

IV.1. Description

IV.1.1. Type of procedure

Open procedure

IV.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators Envisaged maximum number of participants to the framework agreement: 4

IV.1.8.

Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

IV.2. Administrative information

IV.2.2. Time limit for receipt of tenders or requests to participate

Date: 25/06/2021 Local time: 12:00

IV.2.3. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.2.4. Languages in which tenders or requests to participate may be submitted

Norwegian

IV.2.6. Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 25/10/2021

IV.2.7. Conditions for opening of tenders

Date: 25/06/2021 Local time: 12:00

Section VI: Complementary information

VI.1. Information about recurrence

This is a recurrent procurement: no

VI.3. Additional information

VI.4. Procedures for review

VI.4.1. Review body

Official name: Nedre- Telemark tingrett

Town: Skien

Country: Norway

VI.5. Date of dispatch of this notice

25/05/2021
