**Criterion:**

Type: Price

Name: Price

Description: Lowest offered total price

Category of award weight criterion: Weight (points, exact)

Award criterion number: 1

**Criterion:**

Type: Quality

Name: Implementation ability

Description: Tenderers with solid implementation ability and competence will be paid in the evaluation. In order to document the tenderer's routines, the tenderer shall respond to the following assignment: Electrical work shall be carried out in a nursery in operation. A fire board, light fixtures and main switchboard shall be replaced in one three departments nursery (approx. 500 m2 gross). In particular, describe how the tenderer will plan to carry out the assignment, including necessary steps, resources, checkpoints, as well as risks and how these are planned to be reduced. Describe how the final inspection and hand-over to the contracting authority will occur.

Category of award weight criterion: Weight (points, exact)

Award criterion number: 2

**Criterion:**

Type: Quality

Name: Cost Minimisation Co-operation

Description: During the agreement period the tenderer shall undertake to contribute to minimising the contracting authority's total costs, so that the relationship between the contracting authority and the tenderer is as efficient as possible. The contracting authority would like a flexible cooperation with options for the contracting authority, together with the supplier, to find good solutions during the process. The contracting authority will pay off to tenderers who have clear routines and tools to ensure cost control and transparency in the execution of the assignment. Tenderers shall describe the following: Documentation of hourly use: How the hours for each assignment will be documented through invoices or other methods, including any use of digital systems that give the contracting authority access to ongoing reporting of the elapsed time. Provide any examples of reports, systems or systems that will be used to give the contracting authority access. How the tenderer will ensure that the hourly work is in accordance with what is actually carried out by on-site work. Documentation of material consumption: How the tenderer will document the procurement and use of materials for the assignment, including how the contracting authority can access the

documentation for the costs. Estimates and handling of deviations: How the tenderer will prepare realistic estimates for the work's length and costs before the start-up. How deviations between the estimated and actual costs/hours will be documented, notified and explained.

Category of award weight criterion: Weight (points, exact)

Award criterion number: 3
