I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: no

Section II: Object of the contract

II.1. Description

II.1.1. Title

The Provision and Fitting of Combined Cold Cutting and Ultra High Pressure Fire Fighting Equipment.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

NUTS code UKD3 Greater Manchester

II.1.3. Information about a framework agreement or a dynamic purchasing system (DPS)

II.1.4. Short description of the contract or purchase(s)

Firefighting equipment. Respondees to this ITT should be capable of providing equipment that will allow fire fighters via a ultra high pressure system, to fight fires from outside the building with ideally, the ability to pierce brick, stone, breeze block, sheet metal, concrete, timber etc via a form of branch or lance mechanism or suitable equivalent operating procedure. The successful solution should have the ability to provide a water mist at high pressure. The

proposed solution must offer a traditional fire fighting capability through both, direct or indirect fire attack. The ability to cut through construction materials and deliver mist capability should be controllable by a lance or branch by the operator. GMFRS invites tenders from organisations able to deliver this requirement and from organisations with the relevant experience of operating reliably and supplying products in to the Fire and Rescue service environment or similar environment, i.e. in a military environment. The UHP systems are required to be fitted to forty three existing appliances initially and tenders are invited to cover both the supply and retrofit elements as part of their tender response.

II.1.5. CPV code(s)

35111000 Firefighting equipment - CB03

II.1.6. Information about the Government Procurement Agreement (GPA)
