**II.1.2. Main CPV code**

64200000 Telecommunications services

**II.1.3. Type of contract**

Services

**II.1.4. Short description**

The purpose of the procurement is to replace the current assignment processing tool for all 110 exchanges in Norway.

Vision, currently used by the centres, has reached the end of its technical life and needs to be replaced. Vision has, since procurement in connection with the introduction of Nødnett (the Norwegian Public Safety Network), been owned by the state. It has always been assumed that

the state would be responsible for the procurement of Vision, while replacement of the tool and procurement of a new assignment processing tool is a municipal responsibility and will be financed by the municipalities.

See the attached tender documentation and all annexes for a comprehensive description.
