OJ S 165/2012 29/08/2012

Contract notice

Supplies

Directive 2004/18/EC

Section I: Contracting authority

I.1. Name and addresses

Official name: Meteorologisk institutt, met.no

Postal address: pb 43, Blindern,

Town: Oslo

Postal code: 0313

Country: Norway

Contact person: Stasjonsnett og fjernmåling

For the attention of: Ragnar Brækkan

E-mail: ragnarb@met.no

Telephone: +47 22963000

Fax: +47 22963050

Internet address(es):

General address of the contracting authority: www.met.no

Address of the buyer profile: http://www.doffin.no/search/Search_AuthProfile.aspx?ID=AA9516

Additional information can be obtained from:

Official name: Meteorologisk institutt, met.no

Postal address: pb 43, Blindern

Town: Oslo

Postal code: 0313

Country: Norway

Contact person: Stasjonsnett og fjernmåling

For the attention of: Ragnar Brækkan

E-mail: ragnarb@met.no

Telephone: +47 22963000

Fax: +47 22963050

Internet address: www.met.no

Specifications and additional documents (including documents for competitive dialogue and a dynamic purchasing system) can be obtained from:

Official name: Meteorologisk institutt, met.no

Postal address: pb 43, Blindern

Town: Oslo

Postal code: 0313

Country: Norway

Contact person: Stasjonsnett og fjernmåling

For the attention of: Ragnar Brækkan

E-mail: ragnarb@met.no

Telephone: +47 22963000

Fax: +47 22963050

Internet address: www.met.no

Tenders or requests to participate must be submitted: Official name: Meteorologisk institutt, met.no
Postal address: pb 43, Blindern
Town: Oslo
Postal code: 0313
Country: Norway

I.2. Type of the contracting authority

Ministry or any other national or federal authority, including their regional or local subdivisions

I.3. Main activity

General public services

I.4. Contract award on behalf of other contracting authorities

The contracting authority is purchasing on behalf of other contracting authorities: yes

Official name: The Norwegian water resources and energy directorate

Official name: The Norwegian Public Roads Administration

Official name: The Norwegian National Rail Administration

Section II: Object of the contract

II.1. Description

II.1.1. Title attributed to the contract by the contracting authority

Automatic weather station for avalanche forecasting.

II.1.2. Type of contract and place of performance or delivery

Supplies

Purchase

Main site or place of performance: Norway.

NUTS code

II.1.3. Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

II.1.4. Information about framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 2

In the case of framework agreements, provide justification for any duration exceeding 4 years:

Option for 1+1 year(s) prolongation.

II.1.5. Short description of the contract or purchase(s)

The Norwegian Meteorological Institute (Met.no), the Norwegian water resources and energy directorate (NVE), the Norwegian Public Roads Administration (NVV) and the Norwegian National Rail Administration (JBV), henceforth referred to as the Awarding Authority, shall develop a custom-made station network with several new weather stations in defined regions.

The station network shall provide measurement data for development of the avalanche forecasting. These are weather stations which shall cover requirements mainly in the mountain regions. In connection with this, the Awarding Authority wishes to enter into a framework agreement with 1 supplier in accordance with the Public Procurement Regulations' § 15-3(2). The framework agreement period is 2 years with option for 1+1 year(s) prolongation. During 4 years the Awarding Authority shall establish approx. 40 relatively simple measurement stations, defined as base stations with a limited measurement scope (air temperature, relative humidity, wind speed and direction, snow depth, precipitation, possibly precipitation intensity and global radiation/received short wave radiation) as well as some few extensive reference stations in the range of 15 extra parameters in addition to one basic station (see further details in the requirement documents, ObsT_020 chapter 5). In 2012 the Awarding Authority wishes to procure 5 basic stations and in the years ahead the number will be up to 10 basic stations per 10 years. The procurement includes sensors, mechanical equipment, establishment of necessary infrastructure and installation of the station site. Even if it is an objective, it may be that all stations cannot be equipped with the described parameters for a basic or reference station. The reason for this is that the measurement might be affected by the exposure at the station site. It may also be relevant to install a station with e. g. wind and temperature measures at one site and precipitation and snow measurements at another site, 1 km away. This implies more mechanical parts and it will be necessary to establish local communication between these units (see ObsT_020 chapter 7.1). The Awarding Authority also requests tenders for installation as well as individual prices for each component (dataloggers, sensors, modem, etc.) (in order to expand the existing stations to basic and reference stations). It is also requested tenders for a support agreement (see details in the requirement specification documents, ObsT_020 chapter 12.6).

Note: To register your interest in this notice and obtain any additional information please visit the Doffin Web Site at http://www.doffin.no/Search/Search_Switch.aspx?ID=266068.

II.1.6. CPV code(s)

38120000 Meteorological instruments, 38128000 Meteorology instrument accessories

II.1.7. Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: yes

II.1.8. Lots

This contract is divided into lots: no

II.1.9. Information about variants

Variants will be accepted: no

II.2. Scope of the procurement

II.2.1. Total quantity or scope

During 4 years the Awarding Authority shall establish approx. 40 relatively simple measurement stations, defined as base stations with a limited measurement scope (air temperature, relative humidity, wind speed and direction, snow depth, precipitation, possibly precipitation intensity and global radiation/received short wave radiation) as well as some few extensive reference stations in the range of 15 extra parameters in addition to one basic station (see further details in the requirement documents, ObsT_020 chapter 5).

II.2.2. Information about options

Options: yes

Description of options: Option for 1+1 year(s) prolongation of the framework agreement.

II.2.3. Information about renewals

This contract is subject to renewal: no

II.3. Duration of the contract or time limit for completion

Section III: Legal, economic, financial and technical information

III.1. Conditions related to the contract

III.1.1. Deposits and guarantees required

III.1.2. Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them

III.1.3. Legal form to be taken by the group of economic operators to whom the contract is to be awarded

III.1.4. Contract performance conditions

The performance of the contract is subject to particular conditions: no

III.2. Conditions for participation

III.2.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions: See the tender documents.

III.2.2. Economic and financial ability

List and brief description of conditions: See the tender documents.

III.2.3. Technical and professional ability

List and brief description of conditions:

See the tender documents.

Minimum level(s) of standards possibly required:

See the tender documents.

III.2.4. Information about reserved contracts

III.3. Conditions specific to services contracts

III.3.1. Information about a particular profession

III.3.2. Information about staff responsible for the performance of the contract

Section IV: Procedure

IV.1. Type of procedure

IV.1.1. Type of procedure

Open

IV.1.2. Information about the limits on the number of candidates to be invited

IV.1.3. Information about reduction of the number of solutions or tenders during negotiation or dialogue

IV.2. Award criteria

IV.2.1. Award criteria

The most economically advantageous tender in terms of Price is not the only award criterion and all criteria are stated only in the procurement documents

IV.2.2. Information about electronic auction

An electronic auction will be used: no

IV.3. Administrative information

IV.3.1. File reference number attributed by the contracting authority

2012/526/331

IV.3.2. Previous publication concerning this procedure

IV.3.3. Conditions for obtaining specifications and additional documents or descriptive document

IV.3.4. Time limit for receipt of tenders or requests to participate

8.10.2012 - 12:00

IV.3.5. Estimated date of dispatch of invitations to tender or to participate to selected candidates

IV.3.6. Languages in which tenders or requests to participate may be submitted

Danish. English. Swedish.

Other: Norwegian.

IV.3.7. Minimum time frame during which the tenderer must maintain the tender

until: 31.12.2012

IV.3.8. Conditions for opening of tenders

Date: 8.10.2012 - 12:00

Place:

Met.no, Norway.

Section VI: Complementary information

VI.1. Information about recurrence

VI.2. Information about European Union funds

VI.3. Additional information

(NT Ref:266090).

VI.4. Procedures for review

VI.4.1. Review body

Official name: Meteorologisk institutt

Postal address: Postboks 43 Blindern

Town: Oslo

Postal code: 0313

Country: Norway

E-mail: ragnarb@met.no

Telephone: +47 22963000

Fax: +47 22963050

Internet address: met.no

VI.4.2. Review procedure

VI.4.3. Service from which information about the review procedure may be obtained

VI.5. Date of dispatch of this notice

27.8.2012
