### **II.2.4. Description of the procurement**

The National Digital Learning Arena (NDLA) is hereby establishing a dynamic purchasing system for procurements of technical consultancy services to support work on the development and management of the contracting authority's website (system architecture). The contracting authority will use this scheme to procure technical consultancy services for both assistance, advice, and development. Procurements under the scheme can, amongst other things, be for the following areas:

- technical architecture and system advice,
- UX/user experience,
- taxonomy,
- H5P libraries,
- service and application development,
- code administration,
- integration and API development.

See the qualification documentation for further information on the purpose of the purchasing system and procurements under the system.

New providers can continually qualify for participation in the system. Only qualified suppliers will have access to the procurements published under the scheme.

### **II.2.5. Award criteria**

Quality criterion - Name: Assignment comprehension, implementation and competence / Weighting: 40

Quality criterion - Name: Operation system/SLA proposal / Weighting: 30

Cost criterion - Name: Costs / Weighting: 30

### **II.2.11. Information about options**

Options: yes

Description of options:

Options can be taken up in some of the procurements under the scheme. The options will be specified in the invitation to submit a tender.

### **II.2.13. Information about European Union funds**

The procurement is related to a project and/or programme financed by European Union funds:  
no

### **II.2.14. Additional information**
