### **II.2.11. Information about options**

Options: yes

Description of options:

Pilot details:

Phase 1 of the contract would fund a pilot study. This would involve creating the simulator set-up detailed above, with just 2 clinical scenarios (in the same setting). This would be then tested on members of the CBRN clinicians course (dates TBC), and the results reported to the JFC innovation board. This is a period of approximately 6 months (firm contract period).

Full roll-out details (Option Period):

Phase 2 of the contract would fund the further development of this model, to include 7 scenarios (but still just at one location, in one setting), make any improvements informed by the pilot, and support the project (troubleshooting any issues) over a period of 2 years from start of phase 2, subject to approval from the JFC Innovation Board.
