Health

Section II: Object

II.1. Scope of the procurement

II.1.1. Title

Intensive Care Units.

II.1.2. Main CPV code

33162000 Operating theatre devices and instruments

II.1.3. Type of contract

Supplies

II.1.4. Short description

UK Global Healthcare Limited ('UGH') and Indo UK Healthcare Private Limited ('IUHP') on behalf of the Indo UK Institute of Health programme ('IUIH') (collectively referred to as 'the Parties') wish to appoint a partner/partners to a panel of Intensive Care Unit (ICU) suppliers which will subsequently be invited to join long term partnerships with IUHP and IUIH to supply to the eleven proposed NHS branded Indo UK Institutes of Health at various locations across India. This advert is part of a comprehensive procurement programme which will be conducted by UGH and IUHP throughout 2017 and 2018 and which will be advertised in a similar manner. It follows on from 2 earlier requirements placed for orthopaedics and radiology which are now at the contract award stage.

II.1.5. Estimated total value

Value excluding VAT: 600 000 000,00 USD

II.1.6. Information about lots

This contract is divided into lots: yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 6 The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Further information will be provided in the Tender documents.

II.2. Description

II.2.1. Title

ICU Patient Monitoring and Consumables

Lot No: 1

II.2.2. Additional CPV code(s)

33162100 Operating-theatre devices, 48814300 Theatre management system, 33123210 Cardiac-monitoring devices, 33195000 Patient-monitoring system, 33195110 Respiratory monitors, 33195100 Monitors, 33195200 Central monitoring station

II.2.3. Place of performance

NUTS code: 00 Other or Not Specified

Main site or place of performance: India.

II.2.4. Description of the procurement

UGH is acting as the lead in putting in place a Framework Agreement for ICU Device and Equipment. The Framework Agreement will enable the award of call-off contracts for the development of hospitals and clinics across India. The successful partner/s will be required to provide the specified ICU Device and Equipment to each hospital and clinic. The successful

partner/s will also be expected to share a proportion of the risk in the development of each hospital and clinic by way of financial investment. The form of such financial investment will form part of the tender solutions proposed by bidders.

This Lot includes all hardware/ software for patient monitoring with all the functionality with patient monitoring, e.g. cardiac output, End Tidal CO2, invasive pressures, respiratory rate, pulse rate as well as associated accessories including rechargeable battery, printer, battery life indicator. The ability to pre configure the screen display to suit different patient types, able to move patient's trends displays, interface with central station and UIH clinical information system.

A fully configurable, flexible and interconnected system which allows for communication with all other software with data collection and back-up. Safety automated recording of parameters when alarms are triggered. Must have audible and visual alarm functions functionality.

To exclude Monitors and consumables used solely in Anaesthetics.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Start: 06/11/2017 End: 06/11/2037

This contract is subject to renewal: yes

Description of renewals:

The Supply Agreement will be for a period of 20 years and may be extended beyond 20 years if this is operationally required to complete the large UIH programme. The exact dates may be subject to adjustment.

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: no

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14. Additional information

A joint statement of support for the project was announced between the UK's former Prime Minister David Cameron and the Indian Prime Minister, Narendra Modi in Nov 2015, which was recently reinforced at the Tech Summit in Delhi in Nov 2016 by Prime Minister Modi and Prime Minister Theresa May. Neither Government is procuring the contracts, however. The purchasing authorities are entirely private.

II.2. Description

II.2.1. Title

ICU Patient Ventilation and Consumables

Lot No: 2

II.2.2.

Additional CPV code(s)

33162100 Operating-theatre devices, 42520000 Ventilation equipment, 33157400 Medical breathing devices, 33100000 Medical equipments, 33157100 Medical gas masks, 33140000 Medical consumables

II.2.3. Place of performance

NUTS code: 00 Other or Not Specified
Main site or place of performance: India.

II.2.4. Description of the procurement

UGH is acting as the lead in putting in place a Framework Agreement for ICU Device and Equipment. The Framework Agreement will enable the award of call-off contracts for the development of hospitals and clinics across India. The successful partner/s will be required to provide the specified ICU Device and Equipment to each hospital and clinic. The successful partner/s will also be expected to share a proportion of the risk in the development of each hospital and clinic by way of financial investment. The form of such financial investment will form part of the tender solutions proposed by bidders.

This Lot includes all ventilators that should be versatile, able to ventilate a wide variety of patient types and sizes with modern ventilation software allowing the use of different modes in differing situations. They should be fully integrated with the monitoring system and allow data collection by the data management systems. The ventilator should have capability to be used for both non-invasive and invasive ventilation. Designed to be used with modern inhaled medications (excluding anaesthetic vapours) and scavenging of waste gases should be considered. The ventilators must be able to deliver IPPV (intermittent positive pressure ventilation) and other forms of ventilation (SIMV) used for weaning.

To exclude Ventilators and consumables used solely in Anaesthetics.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents
