Section II: Object

II.1. Scope of the procurement**II.1.1. Title**

Procurement of mobile harbour crane

Reference number: 2018/148

II.1.2. Main CPV code

42414110 Harbour cranes

II.1.3. Type of contract

Supplies

II.1.4. Short description

Karmsund Havn IKS [Karmsund Port Inter-Municipal Company] has experienced a sharp increase in the amount of traffic in recent years. The future forecasts continue to show an increase, and this creates a need for a mobile harbour crane. It is desirable to have the new crane in place at our terminal at Haugesund Cargo Terminals, Husøy, Karmøy Kommune, as soon as possible and preferably no later than 1.1.2019. It may also be necessary to purchase two cranes, of the same type. One of the cranes offered may be a pre-used crane. Karmsund Havn also wants an option for a further three harbour cranes, so that the tender overall can include five harbour cranes, delivered by 2025. The options will not be weighted for the procurement. If the options are triggered, it is possible that the crane size may vary from the offered crane. The options are not binding and Karmsund Havn can select another supplied by announcing a new tender.

II.1.5. Estimated total value

II.1.6. Information about lots

This contract is divided into lots: no

II.2. Description

II.2.2. Additional CPV code(s)

42132200 Tap parts, 42414100 Cranes, 42414110 Harbour cranes, 42414120 Quayside cranes, 42414140 Container cranes, 44212210 Derricks

II.2.3. Place of performance

NUTS code: NO Norge

II.2.4. Description of the procurement

Karmsund Havn IKS [Karmsund Port Inter-Municipal Company] has experienced a sharp increase in the amount of traffic in recent years. The future forecasts continue to show an increase, and this creates a need for a mobile harbour crane. It is desirable to have the new crane in place at our terminal at Haugesund Cargo Terminals, Husøy, Karmøy Kommune, as soon as possible and preferably no later than 1.1.2019. It may also be necessary to purchase two cranes, of the same type. One of the cranes offered may be a pre-used crane. Karmsund Havn also wants an option for a further three harbour cranes, so that the tender overall can include five harbour cranes, delivered by 2025. The options will not be weighted for the procurement. If the options are triggered, it is possible that the crane size may vary from the offered crane. The options are not binding and Karmsund Havn can select another supplied by announcing a new tender.

II.2.5. Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6. Estimated value

Value excluding VAT: 30 000 000,00 NOK

II.2.7. Duration of the contract, framework agreement or dynamic purchasing system

Duration in months: 6

This contract is subject to renewal: no

II.2.10. Information about variants

Variants will be accepted: no

II.2.11. Information about options

Options: yes

Description of options:

- Service agreement: The contracting authority wants tender offers on a full service maintenance agreement for five years or 6 500 crane hours and a description of what the service agreement contains,
- Spare parts: The contracting authority wants tender offers on spare parts for the most used main components,
- Further cranes: Karmsund Havn also wants an option for a further four harbour cranes, so that the tender can in total comprise five harbour cranes, delivered until 2025. One of these may be a pre-used crane. The options will not be weighted for the procurement. If the options are triggered, it is possible that the crane size may vary from the offered crane. The options are not binding and Karmsund Havn can select another supplied by announcing a new tender.

II.2.13. Information about European Union funds

The procurement is related to a project and/or programme financed by European Union funds:
no

II.2.14. Additional information

Section III: Legal, economic, financial and technical information

III.1. Conditions for participation

III.1.1. Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions:

Tenderers shall be registered in a company register, professional register or a trade register in the country where the tenderer is established.

- Norwegian companies: Company Registration Certificate
- Foreign companies: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2. Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract.

Creditworthiness with no requirement for guarantees will be sufficient to meet the requirement.

- A credit rating based on the most recent financial figures. The rating shall be carried out by a credit rating company with licence to conduct this service.

III.1.3. Technical and professional ability

List and brief description of selection criteria:

The tenderer shall have experience from comparable assignments:

- Description of up to three of the tenderer's most relevant assignments during the last three years. The assignment description must include a specification of the assignment value, assignment length and the recipient (name, phone number and email address.). The tenderer is responsible for documenting the assignment' relevance through their description. The

Contractor may do this by including documentation on the skill or experience of the personnel that can be used for this project, including skills or experience that has been acquired while the personnel was in the service of another employer.

The tenderer shall have sufficient implementation ability and capacity.

— An account of the Tenderer's average workforce during the last three years, and for relevant production facilities (premises, machinery, materials and technical equipment) that the tenderer has at disposal until the implementation of the contract/assignment.

A good and well-functioning quality assurance system is required for the services that shall be provided. - A statement regarding the Tenderer's quality assurance system/management system

Copy of system certificate(s) issued by an accredited certification body or equivalent documentation are also suitable documentation.

Environment

To ensure adherence of environmental requirements in the contract, the tenderer must have sufficient relevant environmental expertise, management systems and procedures for quality assurance.

— Statement regarding the Tenderer's environmental expertise and procedures that document that the requirement is met. If this is described in the organisation's quality or environmental management system in accordance with ISO 9001, and ISO 14001, or other third party verified systems, it is sufficient to submit a copy of the current certificate.

III.2. Conditions related to the contract

III.2.2. Contract performance conditions

Contract for investment purchase of goods/materials, prepared by DIFI.
