II.2.4. Description of the procurement

NHS Hull CCG on behalf of NHS North East Lincolnshire Clinical Commissioning Group, NHS North Lincolnshire Clinical Commissioning Group and NHS England ('the Commissioners') are seeking an IT Delivery Partner who will provide a proactive, responsive and customer focussed GP IT support service to member GP practices.

The IT Delivery Partner is expected to provide and deliver a quality focussed and resilient service model which operates in a sustainable, innovative and flexible way, ensuring service user satisfaction throughout. The service forms a fundamental and integral element of providing responsive front line clinical services. The service provided needs to be reliable, responsive, of high quality and deliver efficient IT systems in supporting the provision of patient care.

The key principles of service delivery are to:

- ensure that any transfer and transition of services is effectively managed to ensure a continuation of the existing level of service provision and to prevent destabilising the delivery of clinical services,
- ensuring that services are supported on a 24/7 basis as appropriate to requirement,
- ensuring that all systems, and associated infrastructure are securely operated and maintained,
- ensure a proactive support service is available, supporting a clinically essential service, with robust incident management processes,
- propose innovative and cost effective strategies to address service improvement and sustainability and /or create financial efficiencies,
- fully understand all local and national requirements and work closely with the CCGs to help them plan better; to discharge their statutory duties; and exploit technology and systems in support of the challenging NHS transformation agenda.
