2. Procedure

2.1. Procedure

Title: 9667-Qualification System for Civil Engineering Works for €1m to €5m - Lot 1

Description: Iarnród Éireann proposes to establish multi-party Qualification System for Civil Engineering Works associated with the upgrading of the railway infrastructure and other related works that that Iarnród Éireann may undertake directly or on behalf of Bus Éireann, Dublin Bus or CIÉ on their properties. The extent and details of these works will vary from location to location. All Project works shall be tendered to those companies approved for inclusion on the Qualification System. Examples of project works required may include but are not limited to any of the following: • Maintenance works to existing over and underbridges. • Construction of new railway underbridges or overbridges. • Alterations to existing railway underbridges or overbridges. • Coastal defence works. • Waterproofing works. • Any works required to facilitate construction of new platforms and/or extension and upgrading of existing platforms. • Construction of footbridges and any associated lift installations. • Any works required to facilitate construction of new car parks and/or extension and upgrading of existing car parks. • Any works required to facilitate bridge widening, bridge replacement, bridge closures, road realignments, access roads etc. • Alterations to existing railway underbridges or overbridges. • Embankment/cutting works including widening, strengthening and repair. • Construction of roads, earthworks, drainage, boundary treatment and minor civil engineering and building works. • Any works required to facilitate the installation of ducting / services route etc, including installation of extensive ducting/service routes for new signalling projects, or relocation of services adjacent to the railway. • Demolition of existing railway structures. • Foundation works, ground engineering and geotechnical processes. • All associated temporary works to ensure the continued operation of the railway

Procedure identifier: deb3c137-06af-4964-81ec-0dfea6ef0eab
