Norway – Technical analysis or consultancy services – Procurement of IR_scanning for asphalt works 2026

OJ S 80/2026 24/04/2026

Voluntary ex-ante transparency notice

Services

1. Buyer

1.1. Buyer

Official name: Statens vegvesen

Email: debra.gunnerod@vegvesen.no

Legal type of the buyer: Body governed by public law, controlled by a central government authority

Activity of the contracting authority: General public services

2. Procedure

2.1. Procedure

Title: Procurement of IR_scanning for asphalt works 2026

Description: The Norwegian Public Roads Administration, Technology Operations and Maintenance (henceforth referred to as the Contracting Authority) requests tenders for infrared scanning of asphalt works in 2026. The objective of the heating measurements is to register temperature variations on the surface immediately after laying out. This contributes to increased quality and extended lifetime of the asphalt, which in turn reduces lifetime costs and greenhouse gas emissions. The measurements shall be carried out with infrared thermographic measuring equipment. Tenderers must be qualified to carry out IR scanning in accordance with the description in annex 1 - "Description of Heat Photography", and have the necessary equipment and personnel available to carry out the delivery.

Procedure identifier: f3bb9435-8bad-4ebf-a543-edf59a47209d

Internal identifier: bee43e9e-914f-4dd3-a267-bc9e565965a0

Type of procedure: Other single stage procedure

2.1.1. Purpose

Main nature of the contract: Services

Main classification (cpv): 71621000 Technical analysis or consultancy services

Additional classification (cpv): 38126300 Temperature or humidity surface observing apparatus , 38300000 Measuring instruments, 38410000 Metering instruments, 71353000 Surface surveying services

2.1.2. Place of performance

Country: Norway

Anywhere in the given country

Additional information: Nationwide IR scanning of asphalt

2.1.4. General information

Legal basis:

Directive 2014/24/EU

5. Lot

5.1. Lot: LOT-0000

Title: Procurement of IR_skanning for asphalt works 2026

Description: The Norwegian Public Roads Administration, Technology Operations and Maintenance (henceforth referred to as the Contracting Authority) requests tenders for infrared scanning of asphalt works in 2026. Tenderers must be qualified to carry out IR scanning in accordance with the description. in annex 1 - "Description of heat photography" and have the necessary equipment and personnel. available for the implementation of the delivery. The measurements shall be carried out with infrared thermographic measuring equipment. The objective of the heating measurements is to register temperature variations on the surface of the immediately after laying out. This contributes to increased quality and prolonged lifetime of the asphalt, this in turn reduces lifetime costs and greenhouse gas emissions.
